Dennis Hopeless : Spider-Woman: Shifting Gears Vol. 3: Scare Tactics before purchasing it in order to gage whether or not it would be worth my time, and all praised Spider-Woman: Shifting Gears Vol. 3: Scare Tactics:

0 of 1 people found the following review helpful. Loved it!By CustomerLoved the whole series!!0 of 1 people found the following review helpful. Got it right in the endBy KristianAll right, it's probably not actually a five-star read, but I love the Jessica Drew Spider-Woman, and the first two volumes of this series were a major disappointment. I started this volume with a sense of obligation/dread, wondering how long I could continue what I consider SW's sitcom

phase: she's a single mom! And a super-hero who's now a private investigator! And she's got a zany sidekick who dresses like a porcupine, who also teams up with a reporter for the low-down on the lowlifes! Yeah, and the tone just wasn't right, which cheapened the whole experience. In "Scare Tactics," the writers finally hit their stride. The single mom thing no longer feels like a gimmick, but is a fact that has to be dealt with. The relationships between the characters deepen, while they retain the more charming parts of their personalities from the earlier volumes/issues; all of the characters grow, and they are forced to deal with "real" issues, rather than just this month's comically crazy mishap that will be resolved in 22 pages or so. The 4 issue story arc with Hobgoblin pits SW against a formidable villain for the first time in this series, and if she's going to win, she's going to need everyone's help - and she'll need to reconcile with best friend Carol Danvers. Unfortunately, the end of the volume looks like an end for this incarnation of Jessica Drew. Hopefully she'll come back soon - with a writing team that picks up where this ends, rather than struggling to find yet another new voice for Spider-Woman.

Jessica Drew has tangled with some of the worst and toughest criminals the Marvel Universe has to offer - and she's even done it while learning to be a mom! But even the sleepless nights and exhausting responsibilities of motherhood couldn't have prepared her for her toughest challenge yet - the scare tactics of the Hobgoblin! But the big question is, just who's lurking under the Goblin's mask?! In the fight of her life, Jessica will be pushed to the absolute brink physically, mentally and emotionally as Hobgoblin does the unthinkable... COLLECTING: SPIDER-WOMAN 13-17
