**Jack Kirby : Spirit World** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Spirit World:

2 of 2 people found the following review helpful. The King Tried Something Different By Adalberto McFarlane Jack "King" Kirby tried to present something different for DC Comics to produce during his time there in the 1970s beside the superhero stuff that would predominate the publishing industry down the road. It was in a magazine format, but the newsstands and distributors didn't know where to place it, and DC Comics (under Carmine Infantino) seemed to not care about it anyway, so it died. It's a shame that Kirby's attempts to produce other material failed at DC (was it due to Carmine, non promotion, etc.?) Too many ideas are not properly supported and then do not succeed. I think it would have worked right next to the Star and National Enquirer magazines, if Carmine and DC treated it seriously. 1 of 1 people found the following review helpful. Obscure stuff from the King By Scott Baer A bit of the obscure Kirby stuff

that is rarely seen or collected for reprint. The art is vintage Kirby and is a very quick and enjoyable read. 5 of 6 people found the following review helpful. Overpriced By Michael R. Tuohey The reproduction is terrific and the additional material is welcome, including Mark Evanier's comments. BUT, this book is way overpriced for what you end up with. I think you can probably find the original magazine for less than this cost.

After leaving Marvel Comics at the end of the 1960s, Jack Kirby came to DC, where he soon created the series of super-hero comics known collectively as "The Fourth World." One of his first projects for DC was the black and white magazine SPIRIT WORLD, which featured stories of the occult and the supernatural.
