Dick Wood : Star Trek: Gold Key Archives Volume 1 before purchasing it in order to gage whether or not it would be worth my time, and all praised Star Trek: Gold Key Archives Volume 1:

4 of 4 people found the following review helpful. Not bad for a hard-to-find series. By Rich M. An excellent reprint volume of a series I didn't think would ever get a high-end treatment; it may be Star Trek, but these tales are so far askew of the basics of the original series that they have no way to fit into any part of the canon. That's because the writers and artists, capable though they may have been, weren't given much information beyond a series synopsis and

some still photos. Still, these stories are fun and entertaining, and well on the par for Gold Key's other licensed titles (like Twilight Zone, Voyage to the Bottom of the Sea, or Time Tunnel). The artwork reminds me a lot of the layouts of British comics like Dan Dare or the Steel Claw, and it's pretty detailed and full of action, even if members of the Enterprise crew do beam down to planets wearing large backpacks. If you're a fan of fun sci-fi comics, or Star Trek, you might want to give this series a try. 6 of 6 people found the following review helpful. While good stories, the writers had not seen the series ... By Mark Speck The very early Gold Key stories based on the TV show. While good stories, the writers had not seen the series when they wrote these and sometimes the crew does and says things that are out of character for some of them. Plus Scottie is a blond!! But the stories are well-written and enjoyable. 4 of 4 people found the following review helpful. Star Trek Forever By Gregory K. Tobkes Exact reprint in every detail of the few originals I have, These look far better. Excellent value. Will collect all volumes.

Boldly going where it all started! Presenting the first comic book adventures of the U.S.S. Enterprise and her crew! Fully remastered and under a new throwback cover, Star Trek: Gold Key Archives Volume 1 collects issues #16.
