Mike Johnson : Star Trek: New Adventures Volume 1 before purchasing it in order to gage whether or not it would be worth my time, and all praised Star Trek: New Adventures Volume 1:

2 of 2 people found the following review helpful. Good start By Peter Pan Collects the first 12 issues of Star Trek Reboot. With a total of 6 stories 2 issues per story. Only one of the six stories is an original the other 5 are retelling episodes from the Original Star Trek tv series. The retelling stories are good and artwork is good. But would have preferred more original content, but this is still a fun read. 0 of 0 people found the following review helpful. Five

StarsBy Mike Carrnew twist on the old shows2 of 4 people found the following review helpful. Five StarsBy E BrownItem is in great condition. A great way to catch up on reading the new star trek.

The adventures of the Starship Enterprise continue in this series of stories that take place between the first and second movies! Featuring the new cast of the film, these issues feature re-imagined stories from the original series in the alternate timeline as well as brand-new missions, all with creative collaboration with Star Trek writer/producer Roberto Orci. Collects the first 12 issues of the new ongoing Star Trek series.

About the AuthorA highly imaginative and engaging writer whos written stories for some of the biggest characters in comic book history, including Batman and Superman, Mike Johnson also has the distinction of having scripted more Star Trek comic book stories than any writer ever. Seriously. Johnsons first work with IDW was in 2009, when he wrote the miniseries Star Trek: Countdown, a well-received prequel to the 2009 J.J. Abrams film. Following Countdown, Johnson would go on to write many more Star Trek stories, including (but not limited to) Star Trek: Khan, Star Trek: Starfleet Academy, Star Trek: Nero, the crossover Star Trek/Green Lantern, and both of IDWs ongoing Star Trek series, the most recent being Boldly Go with artist Tony Shasteen. An almost life-long Trek fan who was watching the original series in reruns as a child and Star Trek: The Next Generation from day one, his favorite characters are Data and Spock.
