Mike Johnson, Ryan Parrott : Star Trek: Starfleet Academy before purchasing it in order to gage whether or not it would be worth my time, and all praised Star Trek: Starfleet Academy:

1 of 1 people found the following review helpful. Kind of dumb. The art is not to my tasteBy MrLoudKind of dumb. The art is not to my taste. Even as a mass consumer of all things Star Trek, I could have lived without buying this.0 of 0 people found the following review helpful. Nope...By Mr DangerousBad. Not interesting. Cool idea, badly executed. They went the wrong direction with this one.1 of 1 people found the following review helpful. Live Long and Prosper,

Stark Trek!By Lovey Dovey BooksOriginally posted on Lovey Dovey BooksThis latest portrayal of original Star Trek characters is marvelous. I absolutely loved every second of it. What Trekkie could pick up this fun comic book and not love it?The Starfleet Academy storyline is interesting as it flashes back and forth between the years 2258 and 2261. At the center, feisty Cadet Nyota Uhura is chasing down answers to the mysterious transmission she stumbles upon and a surviving member of the Vulcan race is wrestling the logical decision to leave Starfleet Academy, and make a life on New Vulcan, or continue her studies. I didnt know what to expect when I chose this story to review, but I was hoping it would fall right in line with what I know of the Star Trek universe. Im pleased to say that Mike Johnson did this story justice. Even the introduction of a new set of characters felt as natural as if they have always been apart of this world. The illustrations were also spot on in the depiction of the actors, though at certain angles they took a life of their own. It was like looking at the real Chris Pine or Zoe Saldana without all of their genuine facial expressions. So the characters looked familiar but also new.Im actually quite surprised that Kirk didnt play a larger role, but I did enjoy the two female leads. Uhura and TLaan could not have been more different in terms of personality and physical characteristics, nonetheless they were both amazing characters. Both characters displayed qualities that any young female would look to emulate, making this a read for the younger crowd as well. I couldnt say what the next installment will bring, but Im hoping its just as full of mischief and mystery as Starfleet Academy. If you were ever curious about what the characters of the original Star Trek series were like during their academy years, then this is the story for you!*eGalley provided in exchange for honest review*

A bold new chapter for STAR TREK begins here, in an all-new series that shows you what life is like for cadets at the galaxy's greatest school! Witness the student days of the iconic cast before they joined the Enterprise! Plus, meet an all-new group of students as they embark on bold new adventures of their own! The first new characters in the STAR TREK movie universe make their mark here.

About the AuthorBefore being tapped to write theStar Trekpreview comicStar Trek: Countdownfor IDW Publishing with fellow Orca/Kurtzman employee Tim Jones, Mike Johnson's comic resume was limited to work for DC Comics on their Titans andSuperman/Batmancomics and a story in their 2008 Halloween special. Johnson and Jones subsequently wroteStar Trek: Neroand theStar Trek: The Official Motion Picture Adaptation. He writesStar Trek: Ongoing for IDW, tying into the films set in the alternate reality.
