Mike Johnson : Star Trek Volume 2 before purchasing it in order to gage whether or not it would be worth my time, and all praised Star Trek Volume 2:

By Customer While the concept is interesting, I usually end up wanting to o back and watch the original episode that the comic was based on. I do enjoy the differences at times. The end of Operation: Annihilation was a pleasant surprise. Also, I did like the next story being an original arc. The execution felt a bit more like overblown fan fiction, but I did appreciate the attempt to build

on the consequences of the alternative universe. Compared to the second movie, the comic did a better job of exploring new territory and building on the fallout of the first movie. The comic actually made new antagonists. The comic also was more successful at working in scenes from the original cast in an organic way. I will also say that the art is extremely well done. I enjoy looking at the book more than actually reading it. The writing is fine, but the art is exceptional. 0 of 0 people found the following review helpful. Awesome! By Jessalynn Brown A really good remake of the old series. Good characterization and plots, along with highly entertaining additions. I just wish the stories were longer... 1 of 1 people found the following review helpful. Yay! By morgan The first of two stories in this book is the best. A small warning involving Spock in his undergarments. I am 11 and was genuinely shocked by the sudden change in cloths wearing... Warning: there is an annoying unresolved issue!!!!); this is all I will say as to not spoil the rest, but this book is awesome and worth the money!!!

The voyages of the new crew of the Enterprise continue in this re-imagining of the original series using the altered timeline from the 2009 movie. Contained in this volume is the re-telling of the classic episode "Operation: Annihilate!" and an all-new, two-part story that takes place soon after the events of the first film! Star Trek writer/producer Roberto Orci oversees this original story set in the timeline leading up to the blockbuster 2012 sequel, Star Trek: Into Darkness! Collects issues 5-8.

About the Author Mike Johnson wrote the Star Trek ongoing series for IDW and currently writes the sequel series Star Trek: Boldly Go, both set in the Kelvin timeline of the films by J.J. Abrams and Justin Lin. With fellow Orci/Kurtzman employee Tim Jones, he also wrote Star Trek: Nero and Star Trek: The Official Motion Picture Adaptation. His other credits include Superman/Batman and Supergirl for DC Comics and the miniseries Eight for Dark Horse, with artist and co-writer Raphael Albuquerque.
