Haden Blackman, Thomas Andrews, Fillbach Brothers, Stewart McKenny : Star Wars: Clone Wars Adventures, Vol. 6 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Star Wars: Clone Wars Adventures, Vol. 6:

0 of 0 people found the following review helpful. Different Aspects of War By J. Marts This was a good compilation of stories portraying different aspects of war. It Takes a Thief: Saesee takes down gang members working for the Separists and meets Na-Jia, a very interesting thief who keeps helping Saesee. She made me smile. At one point though he gives her 600 credits and she said that it was worth 20 lightsabers. That seems like a small amount of

money!The Drop: H.O.P.E. squad goes on a mission to save Jedi Treetower (who I've never heard of before). One trooper gets fancy ridiculous, which I didn't enjoy much.To the Vanishing Point: Ki shows care, understanding and empathy towards others. Sometimes though, they can cause some great emotional pain.Means Ends: Kit and Plo go to stop a prison riot. Kit hopes to not kill anyone while Plo is disgusted by the criminals. The two don't collaborate well, but agree when it counts.6 of 6 people found the following review helpful. Doesn't quite measure up to prior volumesBy Andrew PruetStar Wars: Clone Wars Adventures is an ongoing series from Dark Horse comics that takes its inspiration from the extremely successful Clone Wars cartoon series. This inspiration is visible in both the short, action-packed nature of the stories as well as in the art style itself. Volume Six contains four new stories as follows:1) "It Takes A Thief" - Saesee Tiin joins up with a local pickpocket, Na-Jia, to aid him in stealing a Separatist stealth fighter. Except he doesn't bother to explain the plan to Na-Jia. Saesee is portrayed as both tough and a bit mischievous. The snowdroids are a cool addition to the Separatist arsenal. A strong start to Volume Six (and this particular reader has a weakness for fantasy/sci-fi stories set in the snow).2) "The Drop" - Republic Commando H.O.P.E. Squad must drop down into the upper atmosphere of a gas planet from space and rescue Jedi Treetower along with the package he was attempting to intercept. There's a razor-fine line between funny and ridiculous in this style of storytelling, but clone troopers using umbrella Mary Poppins-style to slow their atmospheric entry is just excessive. The goofy opening of this story made it hard to enjoy, although I give points for using an Ugnaught as a Jedi.3) "To the Vanishing Point" - Jedi Ki-Adi Mundi remembers a mission which resulted in a tragic ending for recently knighted Jedi Rivi-Anu. This story mostly seems to be a prelude to Ki-Adi's imminent death during Order 66 on Mygeeto. There's not a whole lot of substance to this one.4) "Means and Ends" - Kit Fisto and Plo Koon disrupt a prison riot and have a brief encounter with Durge. The art style takes an odd left turn in this story, looking more like a bizarre amalgam of a realistic portrayal blended with the familiar cartoon approach. Even more than the Ki-Adi Mundi story preceding it, this tale doesn't seem to have much point, and the change to the art is off-putting.Clone Wars Adventures Volume Six wasn't quite up to the standard the last few issues have set. The first story is quite good but the other three don't entirely measure up.0 of 0 people found the following review helpful. Ki Adi Mundi Story is the best of the seriesBy David HortonThe Ki Adi Mundi story that starts in the leaking tent is by far the best of the series. I hope this is used by the upcoming Disney series of films on the individual characters

Four more thrilling tales of planets in peril and Jedi in jeopardy! The Clone Wars grind through the galaxy, shaking every system to its core and testing loyalties on both sides of the conflict. The last days of the Jedi at hand, but if their Order is to fall, they're going down swinging! Presenting another round of lightning-paced, action-packed, all-ages Star Wars goodness, all told in the same stripped down stylization as Cartoon Network's micro-series.
