A different flavor of a galaxy far, far awayBy jediian7First - the hardcover trilogy edition: 10/10I love the size and the convenience of having Dark Empire I-III in one complete volume. The binding is great and the colors pop off of the page. This is the definitive edition.Second, the content: 9/10I consider myself an avid explorer of the Expanded Universe - but mostly I read the novels. I have read relatively

few Star Wars comics, and for some reason I have avoided Dark Empire because I've heard hardcore fans complaining about the resurrection of the Emperor, and the whole state of the galactic civil war in Dark Empire. I would liken this to Splinter of the Mind's Eye (an early SW novel) - does it fit in 100% with the rest of the EU? No. Is it a helluva lot of fun? YES. Read Dark Empire - it's a different flavor of Star Wars. But in a fun, classic way. Han Solo is perfect, and we get to see a new side of Luke that is thought provoking and sets up an epic story if nothing else. Read Dark Empire, and buy this edition. 0 of 0 people found the following review helpful. ... several times now and I've got to say it's fantastic. It's more of a gothic telling in the ... By Chris I've read Dark Empire several times now and I've got to say it's fantastic. It's more of a gothic telling in the Star Wars universe. From the planetscapes, to how the stormtroopers look, this story line is truly a "dark" version. A civil war between the Imperials, new Imperial war machines, the Rebels on the run, just an all around good story. The only reason I didn't give it five stars is the artwork for Empire End, the final book. It's rather...basic, and does not match the style of the first two books, which are great in terms of the artwork. I would highly recommend this series. 1 of 1 people found the following review helpful. I think this story is the pinnacle of the EU. By Wiggid Out Fat Guy Why was this never made into a movie?!? Holy moly it is so good. I think this story is the pinnacle of the EU, at least until the kids show up. If you have not had the pleasure, have it.

Six years after the fall of the Empire in Return of the Jedi, the battle for the galaxy's freedom rages on. The Empire has been mysteriously reborn under an unknown leader, wielding a new weapon of great power. Princess Leia and Han Solo struggle to hold together the New Republic while the galaxy's savior, Luke Skywalker, fights an inner battle as he is drawn to the dark side, just as his father... Collecting the complete Dark Empire saga for the first time - Dark Empire, Dark Empire II, and Empire's End - this Star Wars hardcover is a must-have addition to any Star Wars library!
