Tim Siedell : Star Wars: Darth Vader and the Cry of Shadows before purchasing it in order to gage whether or not it would be worth my time, and all praised Star Wars: Darth Vader and the Cry of Shadows:

1 of 1 people found the following review helpful. More Post Clone War Vader GoodnessBy Rama N. ToulonA Stormtrooper's perspective of Darth Vader. When you see it from a Clone Trooper's point of view you can see why many of them looked up to Lord Vader, and it showed even though the Clone Wars was over and the Empire started getting strict with uniform codes (as any military when war time winds down), this Clone Trooper showed a streak of

individualism that even Darth vader respected. Good story and definitely a worth collection to the Darth Vader series. Really shows the Empire had a lot of growing pains post-Clone wars and pre-galactic civil war. 0 of 0 people found the following review helpful. Darth Vader at his best! By Fred Hall Even though the story is now under The Legends banner. It is still a good story. Follow Darth Vader as he goes on a butt kicking mission to find out who tried to assassinate the Emperor. Darth Vader doesn't get more cooler than this book! 0 of 0 people found the following review helpful. An Average Star Wars story By Raymond St. Paul Its an average comic of a single characters point of view nothing really makes it different than other Star Wars type of comics. I guess expecting more of storyline would have given it more stars yet the art is its saving grace.

After he is left for dead during the Clone Wars, a single trooper comes to hate the Jedi who abandoned him. Years later, he hears of a great and powerful warrior--the hand of the new Galactic Empire, Darth Vader! Seeking to serve the Dark Lord, this man, Hock, becomes a stormtrooper and works to gain the respect of Vader. During a mission against a group of remnant Separatists, Hock finds himself fighting side by side with Darth Vader, and the bitterness that had grown inside him is brought to rest. "A fine example of what Vader can and should be all about." -Comic Book Resources

About the Author Tim Siedell is a freelance writer and contributor to a diverse range of publications and projects within the entertainment industry. He remains best known for his Twitter account, which is a fact he finds somewhat embarrassing. He's been called one of the best people to follow on Twitter by the likes of Maxim, MSNBC, NPR and TIME magazine--and has twice been named the top person to follow by Paste Magazine. Advertising Age named him one of 21 influencers reshaping media. His first comic book series was Star Wars: Darth Vader and the Ninth Assassin.
