Marvel Comics : Star Wars Epic Collection: Infinities (Star Wars Legends) before purchasing it in order to gage whether or not it would be worth my time, and all praised Star Wars Epic Collection: Infinities (Star Wars Legends):

1 of 1 people found the following review helpful. Entertaining and interesting alternate takes of familiar stories By L. J. Webb These alternate versions of the stories we know so well are entertaining and definitely worth a read for any Star

Wars fan. It's fun to think "what if this didn't go right in the original story?" and see what the characters do and what the conclusion is. My only complaints are that you'd expect these alternate takes to end worse than they did and "The Star Wars" adaptation of George Lucas' rough draft, while interesting for fans, was definitely an unpolished story. 0 of 0 people found the following review helpful. ExcellentBy Reviewer from TerraWhile marvel, under the auspices of Disney ownership has rereleased these, dark horse is the originator. The infinities stories are a what if of star wars, while the final story, based on the original screenplay for star wars, is fun, if this had been the released film, we might not have the juggernaut industry it became. Still, the star wars is fun. Many characters became one and many of the names are familiar. This tome is a must for any star wars fan. 1 of 1 people found the following review helpful. stories were better than I thought they would beBy JC JIM.It was an entertaining read. The what if? stories were better than I thought they would be. Yoda was great in one of them. The Star Wars based on the original draft from George Lucas, was a good read, but lets say I am happy Star Wars (the movie) turned out to be a lot different than this. The price for this collection is a bit too much, but if you can find it from a third seller for a good price, go for it.

Play "What if?" with the original trilogy in a series of tales exploring the endless possibilities of Star Wars. How would A New Hope have gone if Luke Skywalker missed the target in his attack on the Death Star? What would have become of the Rebel Alliance if Luke perished in the icy wastelands of Hoth during The Empire Strikes Back? What if Return of the Jedi's rescue of Han Solo had gone badly wrong? And in the ultimate alternate take on the galaxy far, far away, follow Annikin Starkiller into The Star Wars in an epic based on the original draft of George Lucas' screenplay!COLLECTING: STAR WARS INFINITIES: A NEW HOPE 1-4, STAR WARS INFINITIES: THE EMPIRE STRIKES BACK 1-4, STAR WARS INFINITIES: RETURN OF THE JEDI 1-4, THE STAR WARS 0-8
