Haden Blackman, Ramon F. Bachs, Raul Fernandez, Haden Blackman : Star Wars: Jango Fett: Open Seasons before purchasing it in order to gage whether or not it would be worth my time, and all praised Star Wars: Jango Fett: Open Seasons:

1 of 1 people found the following review helpful. Good for fans.By Daddy ShawnNothing really mind blowing but for Star Wars fans it's good. It is a solid read but not reaching the level of a classic that might appeal to casual fans. Good, not great. Art is great, story is good. I bet 99% of the people reading this review will enjoy the book.0 of 0 people found the following review helpful. Amazing!By Patrick NorthripIt is great to know the backstory of Jango Fett! Dark

Horse did a great job on this one. Interesting to see the Mandalorians and where they came from. 1 of 1 people found the following review helpful. The Life of Jango Fett By Crystal Starr Light There was something about Boba Fett that attracted audiences as far back as his first introduction into the (reportedly) terrible Star Wars Holiday Special in 1978. That carried on into his movie debut in Empire Strikes Back. Ever since, Boba Fett has been a highly regarded character. It makes sense that his father--or better, clone source--would be as well. Count Dooku is on the search for the perfect clone source. So he begins investigating the last of the Mandalorians: Jango Fett. Here we learn Jango Fett began his life on Concord Dawn until a splinter group from the Mandalorians and led by Vizsla murder his family. He is taken into the shelter of the Mandalorians and raised to become the best. I loved the art in this graphic novel. It is, without a doubt, gorgeous. Count Dooku, Jango Fett in all stages of life, and the Mandalorians are realistically drawn. Moreover, the style was perfect for the highly action packed novel. I enjoyed the glimpses of Jango Fett's life, his father-son relation to Jaster Mereel, Count Dooku's search for the clone material, and the demise of the Mandalorians. I felt the story was a little choppy. It seemed to strain at the edges of believability in some places (how Vizsla continued to be behind so many of the events in Jango's life--Jaster's death, Jango's parents' deaths, and the Mandalorians' deaths). It was still a great story, interesting snippets into Jango's life. A good read and solid 4 stars. Brought to you by *C.S. Light*

He was born a poor farm boy on a forgotten planet in the galaxy's Outer Rim. Taken under the wing of a wise mentor after the violent death of his family, he would rise up to lead a band of fighters struggling for survival against a dark force that threatens to wipe them out completely. His name would become known throughout the systems, and his legacy would change the galaxy forever. But his name isn't Skywalker! It's Jango Fett! The Sith have begun the final maneuvering in their quest to take over the galaxy and are looking for the perfect specimen to take part in their secret experiments. Lord Tyranus may have just found a prime candidate in Jango. Recounting Jango's story from his early days on the Fett farm, through the annihilation of the once proud Mandalorian warriors, to his transformation into the galaxy's most feared bounty hunter, Open Seasons offers an in-depth look at the most exciting new character from Attack of the Clones, and details the beginning of the infamous Fett legacy one that would come back to plague the Rebellion a generation later.
