John Ostrander : Star Wars: Legacy Volume 8 - Tatooine before purchasing it in order to gage whether or not it would be worth my time, and all praised Star Wars: Legacy Volume 8 - Tatooine:

0 of 0 people found the following review helpful. Star Wars: Legacy, Volume 8: TatooineBy MarablaiseI bought this graphic novel when had a Star Wars graphic novel kindle deal and every single one of them cost \$2.49 apiece. I think I bought five of them, which is actually very restraint for being me.Anyway, I was a bit curious about this one, the other I bought was mostly Dark Vader centered. (what can I say I like my baddies, tall and dark! ;)).The main story in this

graphic novel was good, not brilliant good, but entertaining to read. Cade Skywalker is no Luke Skywalker, he is a bit more Han Solo like kind of characters. He is a space pirate so that isnt that surprising (hehe) But I liked him and I enjoyed reading about his troubled past. The story in itself was good, not extraordinary interesting, but I liked it and that he had visions of Luke Skywalker gave the story some extra spice. In the end was an issue that felt very misplaced, it was as they needed to reach a certain number of pages and throw in an extra issue that had nothing to do with the rest of the story. I didnt like that story a bit! It was a good graphic novel (90% of it at last) and I would, without doubt, read more about Cade Skywalker. 0 of 0 people found the following review helpful. Three Stars By Rachel S. Could have been in better condition. 0 of 0 people found the following review helpful. Five Stars By Customer Leo Great book for Star Wars followers!

One hundred and thirty-three years after the death of Darth Vader, the Skywalker line has reached another low point - in the person of the last living heir, Cade Skywalker. Cade has abandoned his Jedi heritage for plans of quick wealth and a pirate's life. And his actions have attracted all of the wrong kinds of attention. Tracked by Imperial agents and targeted by Black Sun assassins, Cade is run to ground on Tatooine, where his two most famous ancestors had roots. But even if he can evade those who are trying to kill him, Cade can't escape the family legacy. Before this adventure is over, Cade will be forced to think about who he is and who he wants to be - helped along by his mother, his half-sister, and the ghost of Luke Skywalker!
