I loved seeing the far future of the Star Wars family ...By padme35This is all considered non-canon now and falls under the category now listed as Legends or alternate timeline. Personally, this timeline will be canon but even without factoring that personal opinion in, I loved seeing the far future

of the Star Wars family names we have all come to love and hate. If you are a Star Wars fan, I highly recommend checking out this graphic novel series. If you are not a SW fan but love science fiction and graphic novels, I recommend checking it out, it is set up far enough in the future that having no knowledge of SW characters really will not hamper your enjoyment. 3 of 3 people found the following review helpful. Great Ending By Kindle Customer This is a great ending to a great series. I would have liked more but it was still great none the less. It continues the legacy that the Legacy series started. 0 of 0 people found the following review helpful. Best Star Wars series out there. By J5 This series as a whole was awesome. Good story and amazing art. The characters stayed true and I liked all of them. Make another Star Wars series like this and I will buy it in a heartbeat. Book 4 wraps everything in epic fashion. Very reminiscent of Revenge of the Sith, but I'll take it!

When Darth Wredd breaks Imperial Knight Jao Assam out of prison, he clearly has big plans that involve both the Triumvirate and the remaining Sith. If Jao could be turned to the dark side, the whole Triumvirate could be in jeopardy. Empress Fel enlists Ania Solo and her friends in a covert rescue mission--but Ania and her pals are unaware they're headed into a showdown between the Sith and the Imperial Knights (and their stormtrooper allies) that could alter the balance of power in the galaxy! Also included: the updated handbook of the Legacy era! The final chapter in Dark Horse's Star Wars: Legacy series!
