Thomas Andrews, Brandon Badeaux, Jeremy Barlow, Others : Star Wars Omnibus: At War with the Empire Volume 2 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Star Wars Omnibus: At War with the Empire Volume 2:

2 of 2 people found the following review helpful. Weird collectionBy Giacomo L.The stories are interesting and well drawn (in a very modern style, which suits my liking), but for some reason the timeline is "shattered": after reading 1/2 of the stories, you may want to switch to "Other Sons of Tatooine" to read about stuff that you will otherwise see in flashback in the last 3 stories of this volume.Even weirder, the first story takes place right after the second and I do not

understand why they were collected in this order. Despite all of this, the Ahakista Gambit is a very strange, interesting, story, whit some insights into "Darksider" (Dark Jedi chased by the empire) and a hint of intelligence wars, something never directly addressed in the canon (with the exception of Mon Mothma's "many bothan died")A nice read, overall0 of 0 people found the following review helpful. A great compilation of Marvel Star Wars comics focusing on VaderBy KPA great compilation of Marvel Star Wars comics focusing on Vader. Will take you some time to blaze through them but it's classic side stories that support our favorite space opera.0 of 0 people found the following review helpful. Decent enoughBy Reviewer from TerraLike any anthology, this has ups and downs. The art is almost uniformly great while the stories run the gamut from great to so-so.

Following Star Wars: A New Hope, the struggling Rebellion has won their first major victory, giving them inspiration to continue the fight-but the war against the Empire is not even near its conclusion. In this omnibus collection, you'll find stories of your favorite classic-era characters, along with several new faces of the Rebellion: Luke is recognized as a Jedi General, and also the son of Anakin Skywalker, hero of the Clone Wars; a powerful crime lord leads the Empire, the Rebels, and his own spies in a circle of betrayal; the Rebellion faces a big challenge to bring about a small victory; Luke and Leia encounter an evil from the past when Darth Vader sets a trap for them on a deserted moon-all these stories and more!
