**John Jackson Miller, Bong Dazo : Star Wars Omnibus: Knights of the Old Republic v. 3** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Star Wars Omnibus: Knights of the Old Republic v. 3:

0 of 0 people found the following review helpful. The whole crew is absolutely amazing and the art was good too. By Nick I wish there was more to the series. The whole crew is absolutely amazing and the art was good too. I enjoyed it way too much but of course everything is subjective. 0 of 0 people found the following review helpful. Bad conclusion, but still OK. By Dan This is the weakest collection in the series. Obviously it is hard to end a series (and that is typically

where they fall apart). This book contains the least interesting arc, and it ends unresolved. The ending technically resolves, but it feels awkward. Otherwise worth reading if you enjoyed the first two volumes. 1 of 1 people found the following review helpful. Different from before but almost as good. By Glenn If you liked the other two books in this series you will like this one just as much. The stories in this book aren't very consistent with the previous two books. I think they tried to tie in the later stories with the KotOR video games (i haven't played them so i'm not sure.) Either way it ends up being enjoyable even if it has a different feel from the earlier stories

About the Author John Jackson Miller is a relative newcomer to comics, but has written for The Simpsons and Crimson Dynamo previously. Bong Dazo is a former guitarist and works in animation and graphic design as well as comics. His other Western work includes The Irregulars and Micronauts.
