Tom Veitch, Kevin J. Anderson : Star Wars Omnibus: Tales of the Jedi, Vol. 2 before purchasing it in order to gage whether or not it would be worth my time, and all praised Star Wars Omnibus: Tales of the Jedi, Vol. 2:

2 of 2 people found the following review helpful. A Star Wars LegendBy Thomas A.The second omnibus, and the conclusion, to the Tales of the Jedi collection. More personal than the previous omnibus, this collection focuses on the triumphs and tragedies of Ulic Qel-Droma, Nomi Sunrider, and their fellow Jedi knights, while still referencing the events that transpired in the first collection on a broader scale and the impact it had on the galaxy. The two collections are a fantastic and entertaining read, and they are written in such a way as to make the reader feel like they're hearing a

piece of history, a story passed through generations - like a Star Wars version of Homer's Iliad. The visuals actually add to this, as they evoke more than they show, making this a truly imaginative piece of Star Wars historical fiction. 1 of 1 people found the following review helpful. The Great Sith War By Victor Orozco Magnificent! The Great Sith War. In most of the Star Wars stories it's said that this took four years, but in this case we view it more or less in a few months but the chaos that resulted from the war was far more terrible than I had imagined it would be. A tragic, yet moving story of redemption and sacrifice is also told. Without a doubt Ulic Qel-Droma is just as much like Anakin Skywalker. No surprise they would sort of meet in the video game Clone Wars. Wonderful! B+ 1 of 1 people found the following review helpful. Star Wars history gold! By Ashen Breese This is where it's at folks. I'm sorry, but as an enormous fan of Star Wars, the movies, even the 'Holy Trilogy' just don't touch the Old Republic, where Sith are truly hard core advocates of off beat ideals, and the Jedi are demi-god like in their awareness and abilities. This book covers the stories of Ulic Qel-droma, Nomi Sunrider, and Exar Kun, three of the biggest names in the Old Republic. If it's not obvious the story begins in the last third of the first volume of this series, though this book covers the vast majority of it, including a wonderful epilogue series in the end. As a very critical and cynical reader I can't help but say how pleased I was with the stories of this book. I'm not saying they are perfect, but perhaps that's why they were paired with the terrible storyline of Naga Sadow in volume 1; anything would look good next to that atrocity. With various artists, the artwork varies; some better than others, but this fades away beneath the storyline. Should there be another trilogy made for the theaters I deeply hope this story is up for consideration. Here's a quick overview: The Sith Empire is extinct as of a millennium ago. A couple of aristocratic, rebellious youths just can't help but to unearth some ancient Sith artifacts. In time they come to encounter the force ghost of Freedon Nadd, who has gotten his claws into the world of Onderon. In time the two aristocratic cousins come to use their vast assets to setup a 'Sith wannabe shop' that does not escape the notice of the Jedi. Eventually this leads to all out war wherein Ulic Qel-droma, in his typical, overly passionate display hopes to end the war with minimal bloodshed by secretly infiltrating the newly established Sith. This ends very badly, as his master had attempted to tell him, resulting in his being poisoned by Sith alchemy, ultimately turning him to the dark side. Meanwhile, an overly emotional Jedi Master watches his star pupil continually degrade beneath his tutelage. Finally, Exar Kun stomps off on the dark path; a path it would seem was inevitable for him to follow. The two, Exar Kun and Ulic Qel-droma, finally meet and are prepared to destroy each other in typical Sith fashion before being preempted by an entire council of force ghost, Sith ancients. Cornered into a coalition, the two launch out against the Republic with horrendous force. I'll leave the conclusion for those interested to read for themselves. Suffice it to say it is outstanding; especially the final piece "Redemption", the epilogue finalizing the story of Ulic Qel-droma. Whether you are a fan of graphic novels or not, any fan of Star Wars is highly recommended to read this very important, and worthy piece of Star Wars history.

Learn the fate of the ancient Jedi Order's most legendary heroes in this huge collection! In a time when Jedi were numerous and the Sith Empire but a bitter memory, an ancient evil rose again, corrupting one of the Jedi's finest and igniting a war that ravaged worlds. The Sith were reborn, ties of friendship and family were betrayed, and the lives of Jedi Nomi Sunrider and Ulic Qel-Droma were changed forever.
