Kevin J. Anderson, Chris Gossett : Star Wars: Tales of the Jedi - Redemption before purchasing it in order to gage whether or not it would be worth my time, and all praised Star Wars: Tales of the Jedi - Redemption:

Ten years after the Sith War, the Dark Lord of the Sith's chief lieutenant, Ulic Qel-Droma has been stripped of his Force powers and has isolated himself in a distant corner of the galaxy, trying to escape from a life he would rather

forget. But his past is about to catch up with him as he is tracked down by Vima, the daughter of Nomi Sunrider, the woman who blinded Ulic to the Force. Vima seeks a teacher and Ulic sees in her a chance at redemption. Unfortunately, Vima's disappearance draws attention, and the search party sent to look for her includes a vicious Jedi seeking revenge upon Ulic for killing her mate.
