**Jason Aaron : Star Wars: Vader Down (Star Wars (Marvel))** before purchasing it in order to gage whether or not it would be worth my time, and all praised Star Wars: Vader Down (Star Wars (Marvel)):

0 of 0 people found the following review helpful. Excellent, musst-read crossover story! By E. Moss Jason Aaron is hands-down one of my favorite comic book writers. The characters in his Star Wars books in particular 'sound' exactly like they do on screen, which is a tough thing to pull off for such a well-loved universe. This series is extremely well put together with beautiful art and coloring. I simply couldn't be happier with the direction that Marvel is taking. The

blend of 'familiar', while keeping things unique and fresh is really well done. I also love how Aaron enhances little details from the movies that I never really stopped to think about before, providing satisfying glimpses into the stories we know and love that fit beautifully into canon. This graphic novel in particular tells a fantastic story about Darth Vader's relentless pursuit to figure out who it was that destroyed the Death Star. Seeing the growth of Luke as a character in these early days is also fascinating. Definitely a must-read addition to the Star Wars canon!

5 of 6 people found the following review helpful. A great first Crossover Event for Marvel Star Wars

By PWDecker

This is the first big event in the Star Wars comics since Marvel returned to the reins. This crossover volume brings the ongoing Star Wars and Darth Vader titles together. New characters introduced in each get to finally interact with the main cast. My favorite part of this comic was the assassin droids, Triple-Zero and Bee-Tee. They make this book. Especially with Artoo and Threepio featured in the comic as well. The parallels are wonderful, if not a little on the nose. Other characters like Aphra and Black Krrsantan are featured as well. I like both of them and think they're great additions to this new canon. Commander Karbin on the other hand is one of my least favorite characters. His design is horrible. It's super weird. He is pretty much General Grievous with a Mon Calamari head. He doesn't look badass, just strange. I enjoyed how this crossover event was done and hope for more in the future. I'm enjoying most of the new characters. And it's always great to have a Chewie pulling arms off reference. I give this graphic novel a 4/5. I'm excited to see where both of these ongoing series take us.

By D Smith

Excellent story, well drawn, this is what Darth Vader was always meant to be.

Two of the biggest titles in comics collide in the first crossover of the new Marvel age of Star Wars! When Darth Vader accidentally finds himself facing off against the Rebel Fleet on his own, he is sent crashing onto a nearby planet. Will the Rebels seize this opportunity to put an end to one of their greatest enemies - or will they be made to feel the full power of the Dark Side? The Sith Lord may be down, he isn't out! All your favorites are here, old and new, good and evil: Luke! Vader! Leia! Aphra! Han! Threepio, Artoo, Triple-Zero and BT-1! And, in a hair-raising battle of the Wookiees, Chewbacca versus Black Krrsantan! Roooarrgh ur roo!
