Jason Aaron : Star Wars Vol. 1: Skywalker Strikes (Star Wars (Marvel)) before purchasing it in order to gage

whether or not it would be worth my time, and all praised Star Wars Vol. 1: Skywalker Strikes (Star Wars (Marvel)):

0 of 0 people found the following review helpful. Excellent art, no complaints on the print quality
By Shane P. Excellent art, no complaints on the print quality. Some of the events are far flung and eye rolling like Boba Fett fighting Luke on Tatooine. In general, the writers did a great job with dialogue, really capturing the interactions between Han and Leia true to the films. It seems like forever since the the Dark Horse Clone wars series, and this was a welcome addition to me. I hope Marvel will spend more time in the post RotJ and pre Force story lines, but this is a great read.
2 of 2 people found the following review helpful. Five Stars
By MKH My son-in-law asked for this...
0 of 0 people found the following review helpful. True to the source material
By Evan Arduser Very fun read. Ties up loose ends between episode 4 and 5 and opens up more interesting plot lines in the process. The art is good and colorful (although I don't like how they draw light saber arcs) and the writing is mostly true to the characters. It's a bit ham handed at times but it didn't change how much I enjoyed reading it. If you love the characters and the universe you'll probably have a good time with the comic.

The greatest space adventure of all returns to Marvel! Luke Skywalker and the ragtag rebel band opposing the Galactic Empire are fresh off their biggest victory yet - the destruction of the massive Death Star. But the Empire's not toppled yet! Join Luke, Princess Leia, Han Solo, Chewbacca, C-3PO, R2-D2 and the rest of the Rebel Alliance as they fight for freedom against the evil of Darth Vader and his master, the Emperor! But when a Rebel assault goes very wrong, Han and Leia will have to think fast to make their escape...while Luke finds himself face-to-face with Darth Vader! In the explosive aftermath, a humbled Luke returns to Tatooine to learn more about his mentor Obi-Wan Kenobi. Meanwhile, Leia and Han undertake a vital - and dangerous - secret mission...but can they succeed without Luke?
