**Jimmy Palmiotti : Starfire Vol. 1: Welcome Home** before purchasing it in order to gage whether or not it would be worth my time, and all praised Starfire Vol. 1: Welcome Home:

7 of 8 people found the following review helpful. I loved this book By Josh Matheny From the same people that brought you Harley Quinn, Kori finally gets her own series. I loved this book. I secretly hope she gets in a relationship with Stella and Atlee because they're all three so cute together. The writers allow the book to rely on charm, rather

than outright in your face humor (compared to Harley Quinn) which really works in its favor. Starfire is an endearing superhero, something you'd expect in a kind hearted Alien. The great part? It's not even "Geared Towards Women". I don't feel like it was written FOR any specific gender, which is awesome. It's just a great book. There are some superheroine type stuff going on. But mainly she's just trying to adapt to her new life of trying to blend in and become more human. I think this series is ending soon, which is sad because I really loved it. 0 of 0 people found the following review helpful. It was charming and a fun distraction but if you're looking for pre 52 Starfire. By murmurIt was charming and a fun distraction but if you're looking for pre 52 Starfire, she's not here. Much more similar to the Teen Titans cartoon Starfire, which I'm not entirely bothered by since that was my introduction to the character. She still holds a great love for new experiences and life that the pre 52 character had, she's just missing the maturity and is a bit too naive. 0 of 0 people found the following review helpful. Got this for my daughter and she loves it. ...By Michelle SmithGot this for my daughter and she loves it. I would consider this more a graphic novel than a comic book as it has some weight to it. This is a book and not a flimsy little comic book.

Amanda Conner and Jimmy Palmiotti the twisted minds behind the New York Times best-selling series HARLEY QUINN introduce Starfire's first ongoing series! Life is bright and beautiful in Florida's Conch Republic. Warm weather, laidback attitudes, an orange-skinned alien warrior princess, tons of sunshine wait a minute. That's right: Princess Koriand'r of the planet Tamaran, the former Outlaw known as Starfire, has relocated to Key West. Starfire is determined to start a new life for herself a normal life. But assimilation is easier said than done. Though she quickly makes new friends (some of whom want to get very friendly), Kori finds the Sunshine State more challenging than she expected. She'll fly through the eye of a raging hurricane and battle aliens and subterranean creatures; but, first and foremost, she'll need to find a roof to put over her head and a job to pay for it. Is Kori ready for a life in Key West? Is Key West ready for a life with Starfire? Collects STARFIRE #1-6 and DC SNEAK PEEK: STARFIRE #1.

Praise for Amanda Conner: "The strongest aspect of this issue is Conner's character work. Like the script, her characters are expressive in all the right ways, understated, and inherently emotional." --MTV GEEK "The secret to this book's surprisingly sweet appeal is Amanda Conner." --NEWSARAMA "[Conner's] work is so irresistibly beautiful and evocative." --CRAVEONLINE About the Author Jimmy Palmiotti is a multi-award-winning comic book creator with a wide range of experience in advertising, production, editorial, film writing and production, media presentation, and video game development. He has created and co-created numerous series and characters, including The New West, THE MONOLITH, 21 DOWN, THE RESISTANCE, Gatecrasher, Beautiful Killer, Back to Brooklyn, The Tattered Man and Painkiller Jane. He has co-written DC's ALL-STAR WESTERN and BATWING with Justin Gray, as well as HARLEY QUINN with Amanda Conner. Amanda Conner started out in comics after working as an illustrator for New York ad agencies. However, loving comic books and cartooning the most, Amanda found work at Archie, Marvel and Claypool Comics early in her career. She's probably best known for her work on Vampirella for Harris Comics, as well as Painkiller Jane, CODENAME KNOCKOUT, BIRDS OF PREY, and the creator-owned books Gatecrasher and The Pro (with Jimmy Palmiotti and Garth Ennis).
