By Marleen I love this series! It was so great, but sadly this is the last volume in the series. I wish they would have kept going with the starfire on her own comic. She is such a cool character and I love Atlee!! Oh well, maybe there will be more some day! Here's to hoping!

I am usually a "wait for the trades" comics reader but I just had to follow this one month to month. This is a fun book and I am liking the supporting cast they have built so far. Oh, and her costume is wonderful. I may still pick up the trade so my kids can flip through it as well!

From the minds behind HARLEY QUINN comes STARFIRE in her first ever solo series!It's the final showdown between Starfire and the wicked Soren Hook! As the battle reaches its end, a familiar face arrives in Key West! It's her ex-boyfriend, Dick Grayson! Is the former Nightwing-turned-super-spy here to stay? Starfire has tackled some big threats during her stay in Key West--from hurricanes to intergalactic bounty hunters, from insane murderers to gargantuan monsters from the deep and everything in between. But our hero's biggest challenge may be choosing between an ex and a new love interest.Collects STARFIRE #7-13.
