We all NOT teachers buying this book. So stop referring we can get all the answers if your a teacher by registering on line. Let's not talk about the fine print. I couldn't see these words with my prescription glasses on. I got the work book and study guide. What a waste of money. 79 of 81 people found the following review helpful. I feel that I should have been told before purchasing the book that I would have limited access to the course materials. 1 of 1 people found the following review helpful.
