By Morgan I am enjoying this series, more so for the art than the actual story, though I will admit I like watching the relationship between the two main characters grow. There is a lot of drama going on here. The characters are VERY extreme, from stalker to thief to almost-murderer. Total soap opera. But, as I said before, the art is beautiful, and the main couple is very interesting to watch. I enjoy seeing how they each are growing to, not just like each other, but actually love. Note, I DO NOT recommend this for young

readers. There are some intense scenes and some nudity. Nothing hardcore, but I still don't think it would be appropriate for kids...0 of 0 people found the following review helpful.
