**Greg Pak : Storm Volume 1: Make it Rain** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Storm Volume 1: Make it Rain:

1 of 1 people found the following review helpful. A Fun, Character-centric ReadBy JonIt was a daring decision to essentially make Storm's run a series of one-shots. For me, that paid off, as each story tailored itself ideally to Ororo's journey. Pak managed to take a character who's sometimes relegated to a generic "leader" personality and make her complex without diluting what makes her great. I especially appreciate her supporting cast, which primarily comprised

women of color. The art by Ibanez, especially in the first issue, was superb. Subsequent artists varied in quality. 0 of 0 people found the following review helpful. **Rebellious Storm vs Support the Racist Drug War Storm** By Mariah Carey  
glitter I'm a Black Power Radical Faerie fighting for Land Equality like the Hippies Rebels before me. Anyway, I love the X-Men mainly because of Storm.....It's nice she finally has her own comic, but seriously, it went from a Rebellious Storm battling the Colonizers of Africa's Military-State to a Storm who had a problem with a Guy who didn't pay his Taxes and Sold Weed- Like When did the X-Men or Mutants GIVE 2 W#\$#\$@ about a Natural Plant or Tax Evasion? 0 of 0 people found the following review helpful. **You go girl** By Anne Clarkson  
This is copulation of Storm stories, it gives you an idea of who Storm is today and what type of character you are probably going to be seeing in the future. I haven't read Marvel comics since I was a young girl but the revival of the old heroes in the movies has brought me back. As a result I decided to get reacquainted with some of my favorites and I am very glad I did. I tell ya, Storm has change into a modern woman and she is not only hot she is her own woman, I like it! You go girl.

Thief. Goddess. Headmistress. Queen. The X-Man called Storm has always defied a single title. And her desire to better the world has never been limited to only her own kind. On an ongoing mission to foster goodwill and safeguard both mankind and mutants, Ororo Munroe will travel the globe, confronting villains, gods, monsters and everything in between. She will overthrow tyrants, quell tsunamis and strive to see her dream for the world realized. She is Storm, a hero like no other...and the skies will tremble at the sight of their namesake. But now, Storm must handle the fallout caused by familiar faces from her past. Why is Callisto kidnapping wayward youth from the streets of New York? Will Storm's romance with Forge be reignited? And can Yukio help Storm deal with the recent death of Wolverine? COLLECTING: STORM 1-5
