Rick Remender : Strange Girl Omnibus before purchasing it in order to gage whether or not it would be worth my time, and all praised Strange Girl Omnibus:

4 of 5 people found the following review helpful. Compelling comic book, but not without some flawsBy markThis is very early Remender work, that's not as strong as some of his later books, but I was strangely drawn to Bethany Black as a character. Even at this point in his career, Remender knows how to make a cast of odd pieces that form together to a group of people you truly root for by the end of the book.The art wavers from slightly above to slightly below average at times, but there's no issues with the storytelling. Mostly the linework is a bit loose and rough for my personal likingThe "Omnibus" is a bit lacking though, no slipcase or ribbon in this package. I guess it all depends on

what you expect from an Omnibus, but there's really not even that much extra beyond the issues. The variant covers are included, and there's a really heartfelt intro by Remender, but that's really it. Though fans of the original should probably just be happy that this Omnibus is even around considering its meager original sales numbers. Overall, a very fun ride with compelling characters and brings up some interesting insight into Remender's thoughts on religion. Are there flaws? Sure. Is this Remender's best work? No. But I was hard pressed to put this one down once it got rolling and the Strange Girl: Bethany Black became one of my favorite female protagonists in the world of comics that is severely lacking of compelling ones. 0 of 0 people found the following review helpful. I enjoy Rick Remender's writing so naturally I had to go ...By Benjamin Metzler I enjoy Rick Remender's writing so naturally I had to go and check out his back log of titles that don't receive as much attention. Superb! 0 of 0 people found the following review helpful. Got it signed by Rick Remender at ECC16! By Ben Bess Well bound for a paperback.

The entire STRANGE GIRL saga back in print!
