Spain Rodriguez : Street Fighting Man: Spain Vol. 1 before purchasing it in order to gage whether or not it would be worth my time, and all praised Street Fighting Man: Spain Vol. 1:

In this first volume of a complete collection by the seminal underground cartoonist, autobiographical stories about running with a motorcycle gang are mixed in the adventures of Trashman and much more. A motorcycle outlaw and one of the original seven cartoonists behind Zap Comix, this is the first volume in a series celebrating the influential force in the underground movement. Spain's Trashman stories form the backbone of this volume, along with his firsthand accounts of riding with the Road Vultures Motorcycle Club (a gang once considered so dangerous that the

police chief of Buffalo, New York, declared war on them) and his 1969 East Village Other series about cop corruption, Manning. This first volume is rounded with an informative, inside account of Spains life and loves in the emerging counterculture of New Yorks Lower East Side. Black white illustrations throughout.

About the AuthorManuel Rodriguez(19402012), better known as Spain, was one of the great American underground and socially conscious cartoonists.
