Io Sakisaka : Strobe Edge, Vol. 1 before purchasing it in order to gage whether or not it would be worth my time, and all praised Strobe Edge, Vol. 1:

0 of 0 people found the following review helpful. Really Great SeriesBy SashaIf you liked Ao Haru Ride aka Blue Spring Ride, you should also love Strobe Edge. Another great story with beautiful images0 of 0 people found the following review helpful. One of the Best High School RomancesBy M. NatzI have read a lot of manga over the years and this one is really one of my favorites, I was so psyched to see its finally being published. It's a very well written

series with attractive characters traditional to the shojo style. It will pull at your heart strings as the story progresses and there's a lot of back and forth liking and disliking... you know all that good drama that makes falling in love worth it. In this volume its just introductory to the situation: Ninako is in love with upperclassmen Rei, who later she discovers has a girlfriend. Meanwhile her childhood friend confesses to her. Get ready for some delicious conflicts and a roller coaster of emotion. If you like the highschool romance styles, you'd really enjoy this. And even if it's not your style, you may still enjoy this if you like a good old "gets the guy of your dreams in the end" type of love. 0 of 0 people found the following review helpful. This has been a favorite of mine for a long time By Alicia This has been a favorite of mine for a long time. It's about time I bought the volumes and supported the artist. Please give this manga a chance if you're interested. It's heartwarming, insightful, and the author communicates with you. I love Sakisaka Io

Being in love can light up your life A sweet love story that will warm your heart! Reads R to L (Japanese Style) for teen audiences.

From School Library Journal Gr 8 Up-In this manga about teens who learn about the pain of unrequited love, Ninako has a romantic awakening when Ren, one of the most popular boys in school, notices her when he accidentally breaks her cell-phone charm and then replaces it. This generosity from the school "pop star" distracts Ninako from Daiki, the boy who's been there all along, and makes her start becoming more interested in "girly" things. As the story progresses, she evolves from being a one-dimensional girl with a simple life into someone who gains maturity as she learns what love feels like. She falls for Ren by watching him sleep on the train, by talking to him, and by appreciating his acts of kindness. The black-and-white illustrations feature the manga tropes of pointy hair and big eyes (perhaps bigger than most, if that's possible), and the panels are filled with life and action. This book will be a sure winner among fans of the form looking for a mix of romance and drama.-Andrea Lipinski, New York Public Library(c) Copyright 2011.
