**Adam Glass : Suicide Squad Vol. 2: Basilisk Rising (The New 52)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Suicide Squad Vol. 2: Basilisk Rising (The New 52):

8 of 8 people found the following review helpful. Too much Fun!! By S. R. Tounzen This book is a fun read, with a bunch of DC baddies trying to work of their prison debt by doing insane missions for Amanda Waller. This book

collects issues #8-13 of the suicide squad plus issue #0, and #9 of Resurrection Man, 8 issues total. This book begins with the recovery of the team members from the events of Suicide Squad Vol. 1. If you haven't read Vol. 1, you will most likely not understand a lot of the comments as these two books are interconnected and many references are made. Here we see a small cross-over with Resurrection Man, with whom I was completely unaware of as a DC Comics character, but found his power to be super interesting and a good challenge for the Squad. Now I want to know more about him, might check out his series in the future. Also I for some reason love the character of King Shark, and man/shark who is hinted at being more than he appears to be. Deadshot was someone I never really cared for, but after this series am a huge fan. I would like to know more about both of these characters. Amanda Waller takes a large role in this storyline, showing a bit of her personal life, as well as the birth of her idea of the Suicide Squad in issue #0. She proves herself to be pretty bad-ass, and her hinted relationship with Regulus and Team 7 makes me want to know more. Overall I feel the art in these books is absolutely fantastic, and greatly supports the fun and action-packed writing of Adam Glass. I would definitely recommend this to friends, but Vol. 1 is a must!! Obviously I would like to know more, and I think I will start with Vol. 3 which is already out!!

Upping the ante...By Jmaynard  
The first Volume of Suicide Squad set the stage and introduced the players. This second volume ups the ante by providing a nemesis for the team, in the form of the Basilisk organization, as well as backstory on some of the main players, such as the handler Amanda Waller. And once again, no one is safe and some unexpected casualties occur. This series continues to deliver the goods with good twists, including double agents, some spectacular action sequences and more of Harley's crazy banter. I also like how the writers pepper the story with references to the wider DC universe. Some of their missions go through Gotham or Metropolis, and the Squad has to avoid the attention of Batman and Superman in order to succeed. Despite being criminal loners, the villains are starting to become a team. I'm curious to see where that goes and whether sentiment might get in the way at some point. Overall, this series is darkly funny and gruesomely violent. I'm hooked and can't wait for more. Highly recommended.

Exciting Developments in The New 52's Suicide Squad Series  
By Matthew D'Souza  
DC has dared to create complex story lines and characters and mash them all together in this exciting second installment in the Suicide Squad graphic novel series. I may have enjoyed this one more than Vol. 1, which I loved as well. I highly recommend this volume. Enjoy the ride!

As the surviving Squad members attempt to recover from their disastrous Gotham City mission, we learn a dark secret that has been festering in the team since issue #1: a traitor stalks the Suicide Squad! The saboteur's mission: Assassinate Amanda Waller, expose the Squad and leave Task Force X in ruins! The Basilisk strikes!

"A pretty irresistible hook. What if the good guys assembled a bunch of bad guys to work as a Dirty Dozen-like superteam and do the dirty work traditional heroes would never touch (or want to know about)?"  
The Onion AV Club  
"Simply gorgeous in the brutal sense of the word. I'm hooked on this new team and salivating for the next mission."
