Ales Kot : Suicide Squad Vol. 4: Discipline and Punish (The New 52) before purchasing it in order to gage whether or not it would be worth my time, and all praised Suicide Squad Vol. 4: Discipline and Punish (The New 52):

0 of 0 people found the following review helpful. Love the choice of villians and the action!By CoachDDue to the new movie that is out (which I liked), the Suicide Squad past volumes are becoming very popular. This is one of the better runs and I am catching up on them all. Almost non-stop action. Becoming more of a Mission Impossible type scenarios then the Dirty Dozen. Either way I enjoyed the stories and the art. Suicide Squad is becoming one of my

favorite titles to read. They can do almost anything they want. Make the missions truly a Suicide attempt, change the cast and so on. But I do suspect that Harley will be featured in almost every iteration of the Suicide Squad for quite a while. I think DC is giving her the Wolverine treatment (where Wolverine was featured in all the X-Men books center stage and then guest starred in almost every other Marvel title).4 of 4 people found the following review helpful. DC's Dirty Dozen storyBy BobThe book hasn't been quite as strong ever since Glass left the series, but never the less it's still been enjoyable. My only complaint with this series is the abrupt changes in artist/art style that happen from time to time because it tends to be annoyingly poorer in quality. If you like anything involving expendable team-ups then I recommend this book because suicide squad is DC's Dirty Dozen/Inglorious Basterds.1 of 1 people found the following review helpful. Nice read after another DC overhaul.By Eric A. BosargeThe suicide is one of the few comics that has stayed consistent after yet another re-vamp from the DC universe. Deadshot is still Deadshot and his character is comfortably the same. Amanda Waller is still the devil you know and the rest of the character work to a greater or lesser degree. One of the better comics out there.

New team members, new direction, new creative team! After the Suicide Squad is nearly massacred, the team returns to Belle Reve to lick their wounds and bury their dead--but when they find out what's waiting for them at the prison, they'll wish they were back out in the field! Task Force X has a new leader, who will make this team of killers and thieves even deadlier than ever before. From rising writer Ales Kot comes SUICIDE SQUAD VOL. 4: DISCIPLINE AND PUNISH, collecting issues #20-23 as well as the DEADSHOT and HARLEY QUINN Villains Month one-shots.

About the AuthorAles Kot is a writer of comics, video games, films and prose. His graphic novel debut, Wild Children from Image Comics, arrived to rave reviews and commercial success in July 2012. He is currently writing SUICIDE SQUAD for DC Comics.
