Stjepan Sejic : Sunstone Volume 3 (Sunstone Tp) before purchasing it in order to gage whether or not it would be worth my time, and all praised Sunstone Volume 3 (Sunstone Tp):

0 of 0 people found the following review helpful. The struggle is real.By James B.Everyone is dealing with some kind of emotional problem in the third Volume of Sunstone. Lisa is beginning to doubt her relationship with Ally is good for, Ally can't bring herself to be honest with Lisa, newish character Anne can't figure out what to think of this whole BDSM thing, and Cassie is... freaking out about getting a tattoo? Ok, they're not all created equal, but you get the

idea. So yes, even more than the last volume, this is all about the emotional conflict. Lisa spends most of the book struggling to ask Lisa something, as Sejc explores why being honest in a relationship can be so hard. While I enjoyed, these conflicts, one thing I didn't like was Sejc throwing in a couple of flash forwards that spoil where the story is going. It's tough to care about all the angst when you no where it leads. 1 of 1 people found the following review helpful. they are also hysterically funny at times By Loup Noir At first glance, I'm sure that there are a number of readers who would perhaps be wary of a GN whose storyline includes explorations of the BDSM (Domme/sub) culture. However, Sunstone is SO MUCH more than that. The characters are colorful, rich, and complex; they are also hysterically funny at times, delightfully down to earth, and possess foibles and faults that I'm betting many of us are all too familiar with. Above all, Sunstone is a love story. And a truly heart-warming one at that. You will find yourself absolutely rooting for the main protagonists, Ally and Lisa, as they navigate their new relationship through good times, fun times, misunderstandings, and that eternal dance of truly getting to know, and allowing YOURSELF to be known, by another person whom you're attracted to. Stjepan eji is both a magnificently gifted artist and storyteller. Sunstone is definitely NOT one to miss! 0 of 0 people found the following review helpful. A respectful and real portrayal of people who like different things than you do (probably). And that's awesome. By Discoursian I love this series. The characters are very well developed, instantly grab your attention and hold on. The subject matter is handled in a thoughtful and respectful manner. Alternative lifestyles are presented in a clear way, and examined by several different points of view by different characters within the book. If this were my lifestyle, this is how I would hope the people in my microcosm would approach life. The relationships are portrayed in very a very real manner, with awkwardness and fights getting as much attention as sexiness and romanticism. The respect paid to people of all different walks of life is just tremendous. I know I repeated that point, but I did it on purpose: the writers and artists should be commended for this portrayal.

Ally and Lisa are happy, well-adjusted young women, but they're both a little lonely. Ally loves the creativity of being a domme in her sex life, but hasn't found the right person to share it with. And Lisa... well, Lisa loves to be tied up! When they find each other online, they know they have to meet. But bondage is all about trust, and even after they've explored every facet of their sexuality together, Ally and Lisa will find the ultimate test of this trust lies in three simple words. The webcomic and graphic novel sensation continues to heat up in this third volume as Ally strives to keep things creative in the playroom and Lisa gets tied up and tattooed. But will they keep on avoiding the whole falling in love thing?
