**Scott Lobdell : Superboy Vol. 1: Incubation (The New 52)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Superboy Vol. 1: Incubation (The New 52):

1 of 1 people found the following review helpful. Five StarsBy Jeff CraftAwesome1 of 2 people found the following review helpful. Wasn't a bad story, just felt like I was missing partsBy Josh MathenyPeople said Superboy was not an endearing character. No, he's not. And is that a problem? Not for me. He's dealing with being created as a weapon, and he's doing well I think.I did miss some Wonder Girl / Teen Titans stuff, I guess it's part of that book too.Instead of a

stand alone book, much like the Batman franchise, this is Superboy's story in an ever growing story spanning several titles. You will get lost from time to time, but it doesn't really HURT anything. I liked Superboy, I liked the villains, I liked the story. But the lack of completion bothered me slightly. You'll need to buy some other books to get the full story. 0 of 0 people found the following review helpful. CoolBy Customer Thank you. I bought this for my daughter :)

As a part of the acclaimed DC Comics The New 52 event of September 2011, this new volume of Superboy takes us to the labs of Project N.O.W.H.E.R.E., where the scientists thought he was just an experiment - and a failed one at that! But with the combination of Kryptonian and human DNA, the Clone turns out to be more than just set of data when his stunning powers was revealed. Written by comic industry veteran Scott Lobdell, this new title from the DC Comics The New 52 lineup follows Superboy as you haven't seen him before!

About the Author Scott Lobdell is a veteran of the comic book industry, having worked with nearly every major American comic book publisher. Lobdell is best known for his work on Marvel's X-Men franchise in the 1990's, penning such works as Uncanny X-Men, Excalibur, The Age of Apocalypse, Generation X, amongst others. He is currently the writer of Superboy, Teen Titans, and Red Hood And The Outlaws, each a part of DC Comics The New 52.
