Dan Slott : Superior Spider-Man, Vol. 1: My Own Worst Enemy before purchasing it in order to gage whether or not it would be worth my time, and all praised Superior Spider-Man, Vol. 1: My Own Worst Enemy:

0 of 0 people found the following review helpful. SUPERIOR SPIDER MAN HAS SUPERIOR WRITING! By Dude12345 Best marvel comic I've read in a while. Interesting and compelling story. Dr. Octopus taking over spiderman's body (not a spoiler, this is the premise of the entire series) is more than just an interesting twist. It provides a way to critique almost everything defining about spiderman from an ultra realist perspective. The character

development is also incredible, adding depth to Otto Octavius, a previously fairly one dimensional character. This is a must read for spiderman fans. 0 of 0 people found the following review helpful. Spiderman for Batman fans! (or for anyone who loves great characterization and story) By Kathy Hoover This is a must read for anyone who has always liked Spiderman, but never loved him. I appreciate the original Spiderman, and this concept wouldn't work unless the original character was good. However, this takes everything to the next level. Keep in mind, it isn't particularly "realistic" or anything, it has an 'Elseworlds' feel to it for sure. Which is fun in my opinion. In this volume you are introduced to the new Spiderman, with very little explanation... But it doesn't really matter, you just have to accept the concept and roll with it. If you do... you will be rewarded with great story, great characterization, and great art all in one. The story has multiple layers because the character is kind of two-in-one. You'll find yourself rooting for the villain and the hero at the same time... because Superior Spiderman is a bit of both. If you always liked Spiderman, but love Batman... then this is a character you need to meet. Superior Spiderman has several similarities to Batman... in a good way. I have only read this volume and the next one is very high on my priorities list... right along with Batman, Saga, etc. 0 of 0 people found the following review helpful. Not what I expected, but still interesting. By jey Its good, I just wish I knew what I got into before picking this one up. I'm not a huge fan of the premise. SPOILERS: Not really, its in the first page, but just incase. In the first page we see that Otto Octavius is dead but it was actually Peter Parker who died because in on the last issues of the original The Amazing Spiderman series they switched bodies from a device Octavius made and so Octavius was in Peter Parker's body and Parker was in Octavius and he ends up dying in that body. So Octavius is Spiderman and I like it because he is Spiderman but he does things his own way which is actually more efficient then Parkers methods of doing things. He aims to be the 'Superior' Spiderman. But like I said I'm not a huge fan of this premise but its interesting.

Part of the Marvel NOW! initiative! THEN!... Peter Parker spent a lifetime living up to the responsibilities his powers foisted upon him, but his story finally ended dramatically in the historic Amazing Spider-Man #700. NOW!... The new Amazing Spider-Man has arrived, and he is better in every single way. Smarter, stronger... Superior. And he'll prove it, both to himself and the world, when he faces down the all-new Sinister Six! But is this all-new Spider-Man in cahoots with J. Jonah Jameson? And has Carlie Cooper figured out the Superior Spider-Man's secret identify? Plus: Spider-Man and Mary Jane... reunited?! All this and the return of the villainous Vulture! It's an all-new era of web-slinging excitement, and it all starts NOW! COLLECTING: Superior Spider-Man 1-5

About the Author Dan Slott is a comic book writer best known for The Amazing Spider-Man, Arkham Asylum: Living Hell and She-Hulk. He is the current writer of the twice monthly The Amazing Spider-Man. He lives in New York City.
