Dan Slott, Christos Gage : Superior Spider-Man Volume 3 (The Superior Spider-Man) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Superior Spider-Man Volume 3 (The Superior Spider-Man):

4 of 4 people found the following review helpful. Great end to a fantastic series By Rishi Kissoon Great end to a fantastic series. Whilst the Goblin Nation finale is a bit weak compared to the rest of the book, this was still a very fun and interesting read. I really am going to miss Otto as Spidey. This series had a lot of potential and could have gone on for much more. I would have definitely supported that. Back to good old Peter now, so let's hope Marvel doesn't take 2

Amazing conclusion, even with the bittersweet ending. 0 of 0 people found the following review helpful. If you love Spiderman but not a huge fan of Peter Parker...buy this!

Great series...really hard to beat.

It's the stunning conclusion of Otto Octavius' superior saga! Having taken over Peter Parker's body and life, Dr. Octopus is determined to be a better Spider-Man than Peter ever was. And if he clashes with Spider-Man 2099, the Black Cat and Blackout are any indication, he just might be! But as "Peter" earns his doctorate and starts his own company, dark forces gather. Flash Thompson is back in town, and he's brought the Venom symbiote with him! Both know Spidey very well, so will they sense something off about the Superior Spider-Man? And when the Green Goblin takes control of New York's underworld, Otto faces his final battle. The Superior Spider-Man must bring down the Goblin Nation...even if it means his own defeat and the rebirth of a hero!
