Dan Jurgens : Superman: Action Comics: The Rebirth Deluxe Edition Book 1 (Rebirth) before purchasing it in order to gage whether or not it would be worth my time, and all praised Superman: Action Comics: The Rebirth Deluxe Edition Book 1 (Rebirth):

0 of 0 people found the following review helpful. Perfect for someone who has never read superman before.By Jeremy CrawfordI have never been a huge fan of superman but everything else in DC rebirth has been great i thought i would

gave Superman a try and it has been a blast. Lots of punching, lots of flying, lots of superhero-ing in general. The larger pages make the artwork really stand out. 0 of 0 people found the following review helpful. Writing is all amazing. Definitely one of the best rebirths. By Jon I'm not into Superman at all but this story, art, writing is all amazing. Definitely one of the best rebirth stories. 10 of 10 people found the following review helpful. DC is now making OHCs for their ongoing series, and it's turning out wonderfully. By Joshua Read This is just a great book. Perhaps it was my lowered expectations due to most people telling me the book was just nonstop punching, but I thought it was great. Very well-written, FANTASTIC art, and some great mysteries to be told. What are Superlex's intentions? Who is this new random Clark Kent? What's going on with this scythe-wielding guy watching everything like a show? There is a lot of action (it's called Action Comics, after all), but it's not only action. There's some great family dynamics and some great non-action stuff going on period. I truly enjoyed it. Onto the production quality of the first Rebirth deluxe, as I'm sure many are curious about. I am very happy with this. Firstly, there is a beautiful wraparound art piece on the cover boards under the dust jacket. Historically, a lot of DC deluxe editions have boring plain black cardboard cover boards, so this was very promising to see. Secondly, the book uses the standard Rebirth trade dress, so we won't be getting different looking spines on every single title like we normally see from DC oversized hardcovers. Thirdly, it has a great sewn binding. The book opens very flat and it feels strong, with absolutely zero gutter loss. The only negative is the paper quality, which is on the thin side. It's slightly thicker than Marvel omnibus/oversized hardcovers, and it's glossy, but it's just not great. Overall, this is a VERY promising first effort in this new DC initiative that I'm super happy about. I've long wanted DC to go the Marvel route of having OHCs for a lot of their ongoing series, but I never thought I'd actually see them doing it! Looking forward to getting The Flash next (skipping Justice League).

A lavish hardcover collects the first two volumes of legendary SUPERMAN writer Dan Jurgens and superstar artists Patch Zircher and Tyler Kirkham's bold reimagining of the greatest superhero of all time! After an extinction-level event that shattered the cosmos, Superman found himself in a world very much like his own, but populated by a new breed of younger, angrier heroes including a whole new Superman. And when that Superman fell in the line of duty, the original Man of Steel stepped up to take his place. But at what cost? No sooner does the legendary hero take to the skies than his greatest enemies emerge to face him, from Metropolis self-styled protector Lex Luthor to the engine of death and destruction known as Doomsday. Meanwhile, a personor being claiming to be the real Clark Kent is dogging his every move. And back in the fields of Smallville, his wife, Lois, and son, Jonathan, face this strange new world as well. A new era has dawned. Is the Man of Tomorrow ready to face it? Find out in SUPERMAN: ACTION COMICS: THE REBIRTH DELUXE EDITION BOOK 1! Collects ACTION COMICS #957-966 and JUSTICE LEAGUE #52.

A fun and exciting story. Comic Book Resources Patrick Zircher is at his best when illustrating the gleaming gods that are Superman and Lex Luthor. Newsarama It's good to have a classic-numbered ACTION COMICS back on the stands. IGN About the Author Dan Jurgens is a writer and artist most famous for creating Booster Gold, as well as for being one of the main forces behind THE DEATH OF SUPERMAN. He has written and/or illustrated titles such as JUSTICE LEAGUE OF AMERICA, Captain America, The Sensational Spider-Man, Thor, TEEN TITANS, AQUAMAN, DC's Tangent imprint, and the company-wide DC crossover known as ZERO HOUR.
