Dan Jurgens : Superman: Action Comics Vol. 1: Path Of Doom (Rebirth) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Superman: Action Comics Vol. 1: Path Of Doom (Rebirth):

Action Packed First Volume that Reminisces on "Death of Superman" Arc with Doomsday and Gives New Direction to Lex Luthor By clairetoldmetochangemyscreenname Action Comics starts off with a bang, while also sowing the seeds for numerous future mysteries. Taking place chronologically before the Superman solo series (which released its first Rebirth trade a

few weeks back), Action Comics sees the pre-New 52 Superman (along with his wife Lois and their super-powered son Jon) reacting to the news of the New 52-era Superman's death. The family is shocked to see the announcement that Lex Luthor (sporting the new super armor he first donned at the end of Darkseid War) has declared himself the new Superman. Unwilling to let Lex taint Superman's legacy, Clark dons the cape and comes out of hiding. His confrontation with Lex is cut short however by the seeming return of the pre-New 52 Doomsday (the menace that once killed Clark). While Lex and Superman attempt to stop the monster, another wrinkle is thrown into the mystery by the appearance of reporter Clark Kent. This new Kent claims to not be the Superman who died, so who he is and where he comes from is up in the air. All the while the new Mr. Oz is keeping an eye on the proceedings. Overall a fun and action packed start to the series that resurrects the classic "Death of Superman" drama with Clark and Lois worried that history will repeat itself. Great artwork and an intriguing new direction for Luthor make this a solid title. 5 of 5 people found the following review helpful. As he was meant to be By AltLex Luthor is the new Superman. Seriously? No, but hes still pretending to be a good guy. Since DC is getting back to its roots (and senses), I think we can safely assume hes not. No, Superman is the new Superman. We already knew that the new Superman is a lot like the old Superman, except he has a beard. And a wife. And a son. But the beard goes pretty quickly, and we finally learn how Superman shaves. A clever solution to the superbeard problem. But wait, if new Superman is the guy with the shaved beard and the family, then who is this new Clark Kent? No time to worry about that. Doomsday shows up to fight former bearded Superman? Lex Luthor Superman? Clark Kent? Supermans little son? Actually, Doomsday pretty much wants to kill everyone, particularly Kryptonians. Hes a good match for Superman. Im happy to see him. Wonder Woman gets into the act, and even though this Superman is married to a woman named Lois (what a coincidence!), theres no fighting amongst the Superman fanbabes. So, to sum up: a great villain, worthy of Superman; an intriguing mystery involving a Clark Kent who doesnt think hes Superman; another mystery involving Lex Luthors rebirthed role; a rearrangement of fan babes; enough action to justify the title; and some really strong writing. And the art is pretty decent, to boot. Top marks, DC. This is what Superman is meant to be, and what the Rebirth is all about. 1 of 5 people found the following review helpful. I love Rebirth, my only complaint is that my book ... By Atdier Carreras I love Rebirth, my only complaint is that my book came in and my cover looks completely different as far as the colors. Lex is wearing red and blue and the S glows white while its advertised here he would be wearing green with a green S and the green background for superman is red while lex's background is blue. Made me feel like i got hit with a phony book. Other wise i cant wait to read this

He was the worlds greatest hero. Then the world he knew was wiped from existence. Escaping with his wife and son, Superman fled to a strange new version of Earth. There he worked in the shadows and watched as a different Superman younger, less experienced, but every bit as heroic defended his planet. That young hero died, and now the original Man of Steel is ready to step forward and replace him. But hes not ready for what comes next. Seizing the opportunity of a lifetime, Lex Luthor has donned a battle suit of incredible power and declared himself to be the new Superman. Whats more, someone else claiming to be Clark Kent has also appeared in Metropolis. And then, into the middle of this chaos, lands the greatest foe Superman has ever faced: Doomsday. To save Metropolis and his family from this monstrous menace, Superman must join forces with Luthor, Wonder Woman and any other ally or enemy he can because he knows from bitter experience where the path of Doom inevitably leads. Collecting issues #957-962 of the worlds greatest comic, SUPERMAN: ACTION COMICS VOL. 1: PATH OF DOOM unites legendary Superman writer Dan Jurgens with artists Patch Zircher, Tyler Kirkham, Stephen Segovia and Art Thibert to kick off an all-new era for the Man of Tomorrow!

A fun and exciting story. Comic Book Resources Patrick Zircher is at his best when illustrating the gleaming gods that are Superman and Lex Luthor. Newsarama Its good to have a classic-numbered ACTION COMICS back on the stands.
