Dan Jurgens : Superman and Justice League America Vol. 1 (Jla (Justice League of America)) before purchasing it in order to gage whether or not it would be worth my time, and all praised Superman and Justice League America Vol. 1 (Jla (Justice League of America)):

With that said, this collection is great to have as it helps to explain the dynamic of the team that the reader sees in the Death of Superman. I never found these issues as a kid and it's great to learn more about characters like Fire and Ice, who left the JLA after Superman's demise. As for the quality of the book, the paper stock and color reproduction are fantastic, the original covers are also included. If you are a fan of early '90s DC, this is a great collection to have.

His run on the Justice League may not be remembered by every fan -- and it's certainly different than the New 52 version -- but these stories stand the test of time. Also, Mr. Jurgens seems to remember that children may be reading. He crafts an interesting story for adults, but one that can be presented to a reluctant reader to entice him (or her) to read. I learned many a new word from comic books. This is a good book for young and old alike.

We're is the laughter By Juan Carrillo If your a fan of this version of the JLA you would love this and love the interaction between everyone..the only tuff part is that superman joins this Verizon and he.s a huge buzz kill added to that u have this crush that Ice seems to have on superman,the other weird part is bringing in Maxima (poor mans jean grey) also there are a few character developments that are a little strange like the issue with booster all of a sudden having money were he can finance a calendar of fire who once she finds out throw a tantrum like a child.. This action seems strange given the fact that she.s a model so what does she expect.

Dan Jurgens takes over as writer and artist on the classic JUSTICE LEAGUE OF AMERICA leading directly into the legendary DEATH OF SUPERMAN! The Justice League of America is in disarray. With only a few heroes left on the team, they are now a shadow of their former selves. Superman, seeing that the JLA is in crisis, decides to rejoin and inadvertently becomes their leader. Now the Man of Steel alongside Blue Beetle, Booster Gold, Fire, Ice and new members Bloodwyn and Maximamust face some of the deadliest threats that the League has ever seen. Collects JUSTICE LEAGUE SPECTACULAR #1 and JUSTICE LEAGUE OF AMERICA #60-68.
