A pretty good read By Doug Damage A good comic over all, but not as exciting as the Death of Superman comic. It might make readers depressed, but it will inspire them to not

give up. That life goes on and the spirit of hope can rise again. 18 of 21 people found the following review helpful. A classic, but not without production problems. By Randall Lotowycz I'm glad DC is keeping this classic storyline in print and these latest editions fortunately collect issues that have never been collected before, like the Supergirl and Team Luthor special. Unfortunately some of the same mistakes found in the Death and Return of Superman Omnibus are still found here (whereas other mistakes were corrected). See the attached images. The now-pants-less Robin is fairly amusing. Please fix for the reprint so we can finally have a definitive release.

A WORLD WITHOUT A SUPERMAN Superman was Earth's greatest hero until he sacrificed his life to stop the monster known only as Doomsday. Now the world and those who loved him must learn how to continue on without the Man of Steel. In this time of need, heroes like Supergirl, the Guardian and Gangbuster rise to the challenge and try to continue the Last Son of Krypton's legacy. But can they really fill the void left by Superman's death? As the planet mourns the man who symbolized the best humanity had to offer, Ma and Pa Kent truly grieve the death of their only son, while Lois Lane shoulders on the only way she knows how...by being a reporter. Through all this, a greater mystery begins to unfold, where is Superman's body? **DAN JURGENS (SUPERMAN: LOIS CLARK), KARL KESEL (LEGACY OF SUPERMAN), JERRY ORDWAY (ADVENTURES OF SUPERMAN), LOUISE SIMONSON (SUPERMAN: THE MAN OF STEEL) and ROGER STERN (ACTION COMICS)** continue this seminal moment in the history of the DC Universe and the world itself. The second of four volumes chronicling the epic saga of the Death and Return of Superman. Collects **ACTION COMICS #685-686, ADVENTURES OF SUPERMAN #498-500, JUSTICE LEAGUE AMERICA #70, LEGACY OF SUPERMAN #1, SUPERGIRL/LEX LUTHOR SPECIAL #1, SUPERMAN #76-77 and SUPERMAN: THE MAN OF STEEL #20-21!**

Praise for **THE DEATH OF SUPERMAN**: "The tragedy proved to be a massive hit, receiving significant national news coverage and selling millions upon millions of copies. Spanning several different Superman titles, the arc was a blockbuster in every sense of the word... the final fight between Superman and Doomsday is a knock-out brawl for the ages."--**PASTE MAGAZINE** "An epic and carefully constructed narrative."--**BLOODY DISGUSTING** "Both in the universe and outside of it, DC toyed with the idea of a culture that had come to take the Man of Steel for granted. This was a time when heroes were getting darker and more extreme in their methods, and the style of the era didn't seem to allow for a character like Superman to keep his relevance. By removing Superman from the equation, we - and the characters in the DCU - learned how important Superman was as an icon, and his return was all the more impactful. This storyline brought the real and fictional universes together in a stirring realization of just how much Superman means to our culture."--**IGN** About the Author Dan Jurgens is a writer and artist most famous for creating Booster Gold as well as for being one of the main forces behind "The Death of Superman." He has written and/or illustrated titles such as **JUSTICE LEAGUE AMERICA, Captain America, The Sensational Spider-Man, Thor, TEEN TITANS, AQUAMAN, DC's Tangent imprint, and the DC crossover known as ZERO HOUR.** Karl Kesel loves his job far more than he has any right to. Over the past 25 years he has written, inked, and occasionally penciled most of the major comics publishers' major characters -- including Superman, Superboy, Spider-Man, Fantastic Four, and Captain America -- although he has an inexplicable fondness for minor, obscure characters no one else remembers. Jerry Ordway has been writing, drawing, and painting comic books professionally since 1980 - specifically on such titles as **ALL-STAR SQUADRON, CRISIS ON INFINITE EARTHS, SUPERMAN, POWER OF SHAZAM, WildStar, Fantastic Four, Avengers, Tom Strong, WONDER WOMAN, The Messenger, and Proton.** Louise Simonson began her career in comics as an editor for Warren Publications, and went on to work at both Marvel Comics and DC, where she garnered acclaim for her writing on X-Factor, Power Pack, New Mutants, **SUPERMAN: MAN OF STEEL, STEEL, and WORLD OF WARCRAFT.** She is the author of the graphic novel *Snow White and the Seven Robots*. Roger Stern has written for radio, television, the stage, and the Internet, creating scripts for everything from sketch comedy to flash-animation. For ten years, he was the senior writer of the Superman series, and has written hundreds of stories about such diverse characters as Green Lantern, Supergirl, Starman, and the Justice League for DC Comics; and Spider-Man, Captain America, the Incredible Hulk, and the Avengers for Marvel. His first prose novel, *The Death and Life of Superman*, was a New York Times bestseller.
