Dan Jurgens, Peter J. Tomasi : Superman Reborn (Rebirth) before purchasing it in order to gage whether or not it would be worth my time, and all praised Superman Reborn (Rebirth):

0 of 0 people found the following review helpful. One of Superman's Oldest Foes Returns in a Bombastic ReadBy claretoldmetochangemyscreennameEasily one of the best crossovers so far post-Rebirth, DC combines the two on going Superman titles in one spectacular book that answers one of the first big Rebirth era mysteries: who is the new doppelganger Clark Kent. Essentially a retconn-vehicle to undo the New 52 era Truth story arc wherein Lois revealed

Superman's secret identity to the world. In the wake of the pre-New 52's older Superman revealing himself to the world, a phony Clark Kent has appeared in Metropolis and seems to be living Clark's life. While the appearance of the new Kent helps Superman reclaim his secret identity he and his wife Lois are clearly disturbed that a man is out there who believes himself to be Clark. With that doppelganger Kent now growing a creepy fondness for Lois, Superman is desperate to find out who the fake Kent really is. Superman Reborn is a fun story that helps reset the status quo of Superman's secret identity while also folding both the New 52 and new (old) Superman stories into each other (the book suggests these two distinct Supermen are actually the same person having been split apart by the machinations of Rebirth's main on going threat Dr. Manhattan). While there aren't many major reveals for those interested in the bigger Watchmen story arc, the book knocks it out of the park when it comes to returning one of Superman's oldest foes to the spotlight. A tricky character to pull off as he can be a bit goofy, the book adds a wonderful creep factor and air of menace to this old frenemy (especially thanks to Gleason's artwork). Easily one of the best Superman stories of the past few years and continued proof that giving Superman a family was a tremendous decision as all three members of the family get their time to shine here. 0 of 0 people found the following review helpful. The story was good, it had a great start then got bored ...By Yusuf KudsiThe story was good, it had a great start then got bored after few issues and the ending was good so overall it is a good story but not great, I didn't like the art it had some good panels in some issues but overall didn't enjoy the art that much "it is not my cup of tea" 0 of 0 people found the following review helpful. Instant classicBy BenjiThis will be up there with the likes of All Star Superman and Red Son for decades to come. One of the greatest Superman stories I have ever read. No more to say. If you love Superman, read this. If you read this and don't enjoy it, you don't actually love Superman.

Superman is reborn, as acclaimed creators Peter J. Tomasi (SUPER SONS), Dan Jurgens (THE DEATH OF SUPERMAN), Patrick Gleason (BATMAN AND ROBIN) and Doug Mahnke (SUPERMAN/WONDER WOMAN) present the first major Superman crossover of the DC Rebirth era in SUPERMAN REBORN. Everything is perfect for Superman. He has a loving wife, a son he loves more than anything in the world and he's once again Earth's greatest hero. But there's still one piece of the puzzle that doesn't quite fit: Who is the man who's calling himself Clark Kent who as far as anyone can tell is Clark Kent? Finally, it's time for the mystery to be solved. Whoever the fake Clark is, his identity is starting to unravel and with it, so is Superman's reality. The life he shared with Lois is disappearing before his eyes, including the most precious thing of all their son, Jon. Now, to save his son, Superman must face one of his deadliest enemies and discover a secret with grave implications for the entire DC Universe: not just who Clark Kent is, but who Superman himself truly is. Collects ACTION COMICS #973-976 and SUPERMAN #18-19.

Delivers an emotional gut punch. IGN All the waiting finally pays off. Newsarama The mother of all crossoversJurgens doesn't miss a beat. ComicosityAbout the AuthorDan Jurgens is a writer and artist most famous for creating Booster Gold, as well as for being one of the main forces behind "The Death of Superman." He has written and/or illustrated titles such as Justice League America, Captain America, The Sensational Spider-Man, Thor, Teen Titans, Aquaman, DC's Tangent imprint, and the company-wide DC crossover known as Zero Hour.
