Charles Soule : Swamp Thing Vol. 4: Seeder (The New 52) before purchasing it in order to gage whether or not it would be worth my time, and all praised Swamp Thing Vol. 4: Seeder (The New 52):

2 of 2 people found the following review helpful. A good fun jumping on pointBy alexi_mAs a fan of Charles Soule and from some word of mouth I decided to pick Swamp Thing Vol. 4 on a whim having not read the prior volumes. I figured this would be a good jumping on point and I was right. Having a little background of Swamp Thing from

reading the Animal Man stuff, it was pretty easy for me to get along side the character of the Swamp Thing as treks around targeting The Seeder's attempt at changing nature. The stories were all enjoyable and each were split between a couple of issues. With this book were some real good appearance from other DC mainstay characters, not too many which in the context worked perfectly. I think as a first read this warrants a 3, especially since Swamp Thing Vol. 4 SEEDLESS is mainly a set up to plants the "seeds" for THE SEEDER storyline. This is my become my jumping on point and maybe would warrant a higher score in the future when I read the next volumes. This is a very middle of the road storyline, but overall is a FUN comic, its has all the moments you would want, its fun at times and dark at other times. It can be funny and a little sad. I think the one part that really stood was the bonus Villains story from the DC villains month. The character was a big part of the previous Swamp Thing/Animal Man "The Rot" crossover story, so if you liked that consider it an incentive? Basically the art is good and just like the story, nothing was mind blowing (except for the medieval era scenes), but I got to know the character and I'll be probably the next one if I find I can it for a good price. By the way I recommend buying this only if you can find for less \$10, which is it what paid. STRONG 30 of 0 people found the following review helpful. Great New 52 Series By Cward55 Glad to see that Scott Snyder concluded his story in volume 3 with a bang and I loved it. So how is Swamp Thing now that Snyder isn't involved? Not as good but still fantastic in its own ways. I'm excited for more awesome Swamp Thing. 0 of 0 people found the following review helpful. Excellent art and writing By Customer LOVE this series. This is the best set of books I've read since Sandman. Too bad it was discontinued, really wish they would have taken it further. You NEED to read this series.

Fetters Hill was once a thriving Scottish town whose inhabitants relied on the riches of their whiskey distillery to support themselves. Once closed, Fetters Hill began a slow decline, until a mysterious stranger by the name of Seeder arrives in the desperate town with a gift: a tree that bears whiskey like fruit. It's a disturbance in the natural order of "the green" that draws the Swamp Thing's attention as well as John Constantine. The newfound joy in Fetters Hill may be shortlived, since the gifts of Seeder always come with a price. This volume collects Swamp Thing 19-24, Swamp Thing Annual 2.

About the Author Based in Brooklyn, New York, Charles Soule is a writer of novels (graphic and otherwise), comics, screenplays and stories of all types. He plays the guitar fairly well and speaks at least one language.
