Joe Hill, Gabriel Rodriguez : Tales from the Darkside before purchasing it in order to gage whether or not it would be worth my time, and all praised Tales from the Darkside:

1 of 1 people found the following review helpful. We missed out on some good TV!By Mary-Ann MaronskiI remember the original series Tales From the Dark side , and it was the memory of those shows that really drew me to this book. That and of course the fact that it was written by one of today's best young horror writers Joe Hill. As I read these scripts the television that could have been came to life in my mind, and I can only ask with all of the bad TV

shows we have on the air these days, how could the network that was presented with these scripts have passed on them? This could have been some really great TV, I for one would definitely have watched, it's truly sad it was never to be seen. The bright side for lovers of the Darkside like myself though is that at least the scripts were published so that we can read them and imagine them for ourselves. Given the successes their author has had, and will hopefully continue to go on to in future I can only hope any new scripts Joe Hill presents in future will be given a better chance.

2 of 2 people found the following review helpful. Good read, Twilight Zone style
By JOSE LUIS RUIZ

SOTRES Although not a fan of the screenplay format, the stories are good and reminiscent of Twilight Zone episodes. Easy reading and engaging, although too short.

0 of 0 people found the following review helpful. Love Joe Hill and his comic book style
By Jo-Ann Oscar-Rambarran

Love Joe Hill and his comic book style. Love his comic books. Sorry this never made it to television, the special effects would have been fantastic.

The nerve-shredding re-imagining of Tales from the Darkside never made it to TV... but the dead are restless and refuse to stay buried! Adapts the episodes written by Hill and illustrated by Locke Key co-creator Gabriel Rodriguez! Three stories of the macabre and malevolent! One coulda-been, shoulda-been TV epic on paper with pictures that don't move! Step out of the warm, sunlit world you think of as reality and get ready to take a chilling walk... on the DARKSIDE.

"Tales From The Darkside is exactly what you want it to be: Tense, introspective, and creepy as hell. The Twilight Zone off its meds and on an acid trip." Adventures In Poor Taste

"Tales From The Darkside is a great work that both harkens back to the original series while pushing the franchise forward. With work like this, it's no surprise this comic is already proving to be the hot kid on the block." Fangoria

About the Author Joe Hill is the #1 New York Times Bestselling Author of The Fireman, NOS4A2, Heart-Shaped Box, and Horns (which was made into a feature film starring Daniel Radcliffe). His book of short stories, 20th Century Ghosts, won the Bram Stoker Award and British Fantasy Award for Best Collection. He earned the Eisner Award for Best Writer for his long-running comic book series, Locke Key, featuring the eye-popping art of Gabriel Rodriguez.
