Alan Martin : Tank Girl: Bad Wind Rising before purchasing it in order to gauge whether or not it would be worth my time, and all praised Tank Girl: Bad Wind Rising:

4 of 4 people found the following review helpful. Bad Wind Rising (first edition) By Flying Mazzagatti The book itself is awesome. It's quite short, but it's oversized unlike the standard comic sized collected editions of TG's 2007-20** run. The dust jacket (pictured) hides an amazing colorful hardcover. The story is fun dumb, and has a few throwbacks to the original strips (collected in TG Volumes 1-3). You're promised that somebody will have their goodies shot off every chapter! 0 of 0 people found the following review helpful. Five Stars By George Michael Loved the art. 0 of 0

people found the following review helpful. Five StarsBy Philippe GodinI Love my Tank Girl !

A brand new graphic novel from the exciting new Tank Girl creative team: Alan Martin and Rufus Dayglo! A holiday. A hold-up. A murder. A car chase. A very large vodka. A fistfight. An earthquake. A mutant surfer. A lorry heist. A tiny moped. The return of a much loved secondary character - and a gang of killer kangaroos after Tank Girl's scalp. Don't miss Tank Girl's latest twisted action adventure!

"This collection is classic Tank Girl all the way and I loved every page." - Ain't It Cool "A funny, enjoyable oddly sexy read." - Under the Radar "Tank Girl is goofy, crazy, romantic fun, and Bad Wind Rising is all these things and more." - Comics Cavern "If you like indie comics knee deep in chaos and anarchy you need this book in your collection." - Giant Fire Breathing Robot "With a fist-sized dollop of time machines and mad scientists this hardback edition will show your coffee table you like your women as mad as they are strong." - Knave Magazine "The choice to do monochrome here seems to be motivated not by economic factors but artistic ones, and it's one of the coolest uses of a limited color palette I can think of in monthly comics." - Nerdy Nothings About the Author Alan Martin is the co-creator of Tank Girl (along with artist Jamie Hewlett), and writer of the first three Tank Girl graphic novels. He lives in the UK. Rufus Dayglo his real name is a British artist whose work includes Judge Dredd and Strontium Dog for 2000 AD, Tank Girl: Visions of Booga and Snaked for IDW and concept art for Metal Gear Solid.
