Space superhero adventuresBy PaulAllardZach Thompson is Techjacket, the self-styled galactic guardian of Earth, who protects the Earth from aliens. As he encounters a formidable foe, we glimpse at flashbacks at how he became a hero. Meanwhile a billionaire is after his tech. A lot of space action and fighting ensue.Entertaining

and enjoyable, this light-hearted traditional super-hero story is worth a look reminiscent of Marvel's Nova (from what I can remember). Engaging with clear good illustrations.

Zack Thompson: community college drop out, lives with his parents... This is who protects us from what lies beyond our world?! But hes also Tech Jacket, the self-styled Galactic Guardian of Earth, and when a big-ass space ship enters Earths orbit, Zack will face the greatest challenge of his life! Collects Tech Jacket (2013) #1-6.
