Joe Keatinge : Tech Jacket Volume 4: All Falls Down before purchasing it in order to gauge whether or not it would be worth my time, and all praised Tech Jacket Volume 4: All Falls Down:

0 of 0 people found the following review helpful. Five Stars By Ed Dube All good. 0 of 0 people found the following review helpful. Confusing at times, mainly one long space battle By Paul Allard Not as good as previous volumes in my opinion, this volume deals mainly with a long space battle, the causes of which are not totally clear. Lots of colour and fighting removes a lot of the person-to-person (being to being!) inter-action which is a shame. However the story is

still entertaining and worth a look, especially if you've read the previous volumes. The best thing about this volume is that it looks as if it's the end of the series, not that I have anything against the series beyond my criticisms above but it doesn't drag on forever as the Invincible series has been.

In order for the entire galaxy to survive, Tech Jacket must join forces with his greatest enemies, which face it is no fun to do; neither is the destruction of everyone and everything he holds dear, so... Collects Tech Jacket #7-12.
