Ted McKeever : Ted McKeever Library Book 2: Eddy Current (Ted McKeever Library) (Ted McKeever Library) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Ted McKeever Library Book 2: Eddy Current (Ted McKeever Library) (Ted McKeever Library):

1 of 1 people found the following review helpful. Hard to Appreciate the Art in this tiny book By Frank

Schorr Thankfully I have the original series of EC, but I wanted to get a collected edition because comics are fragile things. Unfortunately the beauty of the art is somewhat lost in this volume. I think the printing wasn't as high quality as it could have been. Perhaps on glossy paper would have been better as this volume is on matte paper. The lettering is really broken when you look close. It's legible, but not well. They also didn't fix some of the errors in the original series. The extras in the back make it a better buy. I'd get it regardless, but I just wanted to point out the facts. 0 of 0 people found the following review helpful. I love Ted McKeever's work and this is one of his best and most memorable. By Jonathan Michael Baylis I love Ted McKeever's work and this is one of his best and most memorable. For more, check out Plastic Forks, and especially Metropol. 1 of 1 people found the following review helpful. Ted McKeever's Finest Hour! By R. P. Gberdex buy this book if you want an extensional Don Quixote-eske ride. Very fun read and the art is top notch!

Eddy Current is insane. At least that's what the world deems him to be. The very same world he intends to save. A window of opportunity opens, literally, allowing our hero to escape the asylum he calls home. Bed-check isn't until 6am, giving him 12 hours of freedom to accomplish his hero-given quest. Joined by a massive wall-of-a-woman called Nun, Eddy will live an adventure filled with the depths of humanities darkest crevices, as well as the heights and power of friendship and redemption. A Don Quixote for the 21st century, Eddy Current will stay with you long after you've finished reading. From one of the most critically acclaimed graphic novelists of our time, Ted McKeever, this volume features all 12 issues of Eddy Current, plus unused art, and a slew of extras.
