Will Pfeifer : Teen Titans Vol. 2: Rogue Targets before purchasing it in order to gauge whether or not it would be worth my time, and all praised Teen Titans Vol. 2: Rogue Targets:

0 of 1 people found the following review helpful. Where to begin....By NFOk let's start with the art. At times it felt as if it was drawn by a 6th or 7th grader riding in the back of the family motor home going cross country. No clean and clear lines anymore. Those days are gone. Don't get me wrong I understand that it's all a style thing, but if you're going to do that style you should at least be consistent through the whole book. Not give us one page of like really

really awesome pictures and then go back to their original stuff. My opinion. The story felt uneven. There was characters in the book that didn't really need to be there. For instance, Trinity. Why was she there she didn't do anything worthwhile. Kari on and Guardian also seemed kinda useless too. There was, and I can't believe I'm saying this, too many people in this book. If the Martian Manhunter was the only one hunting down Kon, that would be a great story. But the writer bogged the story down with more characters than was needed. And that's just some of the things I saw on my first read through.... Did it feel a bit rushed towards the open ending? Yup. It's a decent story if you overlook some of what I and others have said. It's mostly entertaining.....mostly. 1 of 1 people found the following review helpful. This was really cool. I liked that they brought back some of ...By H This was really cool. I liked that they brought back some of the familiar faces I was missing in the rebooted volume 11 of 3 people found the following review helpful. Five Stars By J Arturo Ibarra Jimenez Much better than the vol. 1

Writer Will Pfeifer (CATWOMAN) and artists including Kenneth Rocafort (SUPERMAN) and Alisson Borges (BATMAN: ARKHAM KNIGHT GENESIS) turn the Titans world upside down! After saving New York City from a nuclear bomb, the Teen Titans are more famous than ever. TV appearances, reality shows, tribute bands the sky's the limit for the country's favorite teenage superheroes! But when their former teammate Superboy appears out of nowhere, public opinion does a fast 180. It looks to the world like Kon-El is responsible for a senseless mass murder, and even Kon himself can't remember what really happened. Superboy turns to his friends for help, but not all the Titans are ready to put their blind faith in the Kryptonian clone. Soon, it's Titan against Titan as they struggle to find the truth. With the team fractured and their attention divided, will they be able to see the bigger picture? Or will the mysterious threat manipulating their loyalties from the shadows get the best of the Teen Titans? Collects issues #8-13, TEEN TITANS ANNUAL #1 and DC SNEAK PEEK: TEEN TITANS #1.

Praise for the series: "Thrilling." -IGN "Teen Titans has proven itself to be a fun book month in and out." -COMIC BOOK RESOURCES About the Author Will Pfeifer began his writing career on FINALS, a well-received Vertigo miniseries he did in collaboration with Jill Thompson. Since then, his writing has appeared in numerous titles for DC Comics, including TEEN TITANS, CATWOMAN, AQUAMAN, BLOOD OF THE DEMON, H-E-R-O, CAPTAIN ATOM: ARMAGEDDON, and WONDER WOMAN.
