Ben Raab, Geoff Johns : Teen Titans Vol. 3: Beast Boys and Girls before purchasing it in order to gage whether or not it would be worth my time, and all praised Teen Titans Vol. 3: Beast Boys and Girls:

1 of 1 people found the following review helpful. Teen Titans: Beast Boys and Girls (SC)By Xavier Zavala HerasI'm kind oof surprised. I'm surprised of how much I like the Teen Titans. The first two books are magnificent enough to make me buy the third, and I wasn't dissappointed.There's two stories here. The first one is completely centered on Beast Boy. He goes in search of fame to Hollywood, but he only finds disgrace in every corner. There's a few special

guests too. The story is very good, and the art is magnificent. For the second story we got the whole team now. Beast boy has been cured of Sakutia (the disease that allows him to change) but at a terrible cost. Fun writing and again the art was magnificent. This might not be the most amazing Teen Titans book, but it certainly is fun. 0 of 0 people found the following review helpful. Five Stars By darren albert OK at best 0 of 0 people found the following review helpful. Exceptional By Customer Exactly what I ordered. The book came in mint condition, and the reading was quite an enjoyable read. Beast boy has always been my favorite character, and this book gives him the light he deserves, proving that there is more to beast boy than his goofy exterior

The spotlight is squarely focused on Beast Boy in two complete sagas. First, in the days before the current incarnation of the Teen Titans, Beast Boy tries to reignite his stalled acting career only to find himself implicated in a murder. Then, Beast Boy is seemingly cured of his animal shape-changing powers only to see the children of San Francisco suddenly run riot, assuming green animal shapes with no experience and lots of panic. Introduction by Geoff Johns.
