Scott Lobdell : Teen Titans Vol. 3: Death of the Family (The New 52) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Teen Titans Vol. 3: Death of the Family (The New 52):

3 of 3 people found the following review helpful. Seems to be getting better. By Natalie I'm not sure if this was really a four star or if it was just such a monstrous improvement from volume 2 that it looks awesome in comparison. Nevertheless the series seems to be going into a better direction with this installment that focused mostly on Red Robin and the Titans involvement in the Batman crossover event Death of the Family. This collection holds up fine by

itself though and you aren't left feeling like you missed anything if you aren't interested in the rest of the Batman event. Goodreads blurb incorrectly listed this as issues #14-20, it is not these issues. It collects Teen Titans #0, 15-17; Red Hood and the Outlaws #16; and Batman #17.0 of 0 people found the following review helpful. Death of the Family tie-in By E. Chism Pretty good Death of the Family tie-in. 2 of the issues in this book are also in the Red Hood tie-in, and one issue is in all of the Death of the Family books.0 of 0 people found the following review helpful. Although I love death of the family I don't think this one ...By Customer Although I love death of the family I don't think this one is a great comic of Teen Titans, specially if you have other volumes of death of the family, the final chapter or even the two final chapters are all the same in every volume, if you want only the comics that correspond to Teen Titans, I recommend you to get it in the monthly comic issues

The team is finally reunited in the wake of "DEATH OF THE FAMILY," but something is very wrong with Red Robin! What did The Joker do? As Red Robin's condition worsens he and the team must face an even greater threat when the new Dr. Light is coming for Solstice! Collecting issues #14-20

"Thrilling." IGN "Teen Titans has proven itself to be a fun book month in and out." CBRA About the Author Scott Lobdell is a veteran of the comic book industry, having worked with nearly every major American comic book publisher. Lobdell is best known for his work on Marvel's X-Men franchise in the 1990's, penning such works as Uncanny X-Men, Excalibur, The Age of Apocalypse, Generation X, amongst others. He is currently the writer of TEEN TITANS and SUPERMAN.
