Ben Bates, Dustin Weaver : Teenage Mutant Ninja Turtles: Bebop Rocksteady Destroy Everything before purchasing it in order to gauge whether or not it would be worth my time, and all praised Teenage Mutant Ninja Turtles: Bebop Rocksteady Destroy Everything:

0 of 0 people found the following review helpful. It's GoodBy BrianJust a fun story and I absolutely loved it! This new Turtles Series by IDW is my favorite iteration of this classic team, but to get a book about two of the series greatest villains? AWESOME!0 of 0 people found the following review helpful. Good read.By SAHM/StudentThe story can be hard to follow and artist change several times throughout with varying results. Other than that it's a great Bebop and Rocksteady romp through time.0 of 0 people found the following review helpful. This is why you don't let Bebop and Rocksteady run loose in the time stream. Hilarious!By Wayne A McCoy'Teenage Mutant Ninja Turtles: Bebop Rocksteady Destroy Everything' is a crazy timeline adventure where our witless villains do exactly as described in the title.The Turtles go to a museum exhibit to see a mummy queen and see something unreal: the skeletons of Bebop and Rocksteady. When they touch a jewel being worn by the mummy, their time-travelling friend Renet shows up and they get whisked off on an adventure. It seems that Bebop has gotten his hands on a sceptre that creates time portals, and everywhere the villain boys visit, they create disaster. Continuity be darned as well as time travel rules. Bebop and Rocksteady even meet versions of themselves before they got turned into mutants.It's all crazy and chaotic and even when it was over, I'm not sure how it all got resolved, but it was a fun ride. I like the idea of a whole dimension full of Bebop and Rocksteady just waiting for someone to make a wrong turn somewhere. I like the art style. It fit the over the top style of the comic. I'm glad I read this one.I received a review copy of this graphic novel from IDW Publishing, Diamond Book Distributors, and NetGalley in exchange for an honest review. Thank you for allowing me to review this graphic novel.

The dull-witted Bebop and Rocksteady are feeling dejected and without purpose after their defeat to the Turtles. However, when they stumble across a time-travel scepter, they realize that their craziest, most destructive adventure awaits! Will the universe survive?
