Brian Lynch, Tom Waltz : Teenage Mutant Ninja Turtles: Micro Series Volume 1 before purchasing it in order to gage whether or not it would be worth my time, and all praised Teenage Mutant Ninja Turtles: Micro Series Volume 1:

1 of 1 people found the following review helpful. Heroes in a half shell By Chongo This comic is what any good indie comic should be; different fresh. This new TMNT series from IDW Publishing smartly takes guidance from the classic comic series', cartoons, films, making it an excellent jumping on point for new readers longtime fans alike. This modern turtles micro series is inventive as it is entertaining with awesome artwork too. The story of four outsiders

coming out into their own in an unfamiliar strange new world makes for great storytelling thus should be required reading for any comic book fan. Buy this book.0 of 0 people found the following review helpful. OkBy CalebIt's ok if u read the main seris then this will explain some things. But it's short...all u need to know is that alopex tried to fool raphael and he figured it out, they had a fight, and she got away.other than that, u don't HAVE to read it.2 of 3 people found the following review helpful. micro seriesBy Kindle Customeri genuinely loved this book but compared to the original micro series i have to say this is an inferior read, still a good book that deserves a purchase

Following in the tradition of the original TMNT micro-series comes four stand-alone tales centering on each Turtle brought to you by writer Brian Lynch and artists Franco Urru, Andy Kuhn, Ross Campbell, and Valerio Schiti. Raphael is looking for answers and might find them with Alopex, but can they survive the night? Michelangelo, in a special holiday tale, explores New York City and finds even more mysteries. Donatello goes incognito to a science fair and finds out that it's being put on by none other than Baxter Stockman. And finally, it ends with Leonardo doing battle with the ruthless Foot Clan!
