**Mateus Santolouco, Erik Burnham** : Teenage Mutant Ninja Turtles: Secret History of the Foot Clan before purchasing it in order to gauge whether or not it would be worth my time, and all praised Teenage Mutant Ninja Turtles: Secret History of the Foot Clan:

1 of 1 people found the following review helpful. Shredder's History By C. Lawrence I've always enjoyed the TMNT after being initially hooked as a kid by the cartoon, and I only recently found how much more depth there is to the turtles mythology after reading a little of the first hardcover of the Eastman/Laird series and most of the current IDW

series. But I've never known a whole lot about Shredder's background except that he and Splinter disagreed in a past life, Shredder murders Splinter and the turtles in their past life. This gives you a much more fleshed out story about the Foot clan as the title suggests, and Shredder's rise to power. To me it was very interesting. An added bonus was Mateus Santolucio's art. I've been following him for a little while and seeing the previews for the book have made the wait for this one feel like an eternity. But I finally got to see it in print, and man, it looks good! I really like his stuff, he injects a lot of character into each turtle. Every page is just fun to look at and soak in. Also glad to see he's the artist on the main series now too! (as of vol. 6) So if you're a turtles fan, definitely pick this one up! I really enjoyed it! 1 of 1 people found the following review helpful. The TMNT IDW Universe continues to expand By Chongo "Secret History of the Foot Clan" serves to expand on the new TMNT series. Much like DC's New 52 or Marvel's Now undertaking, IDW has rebooted the TMNT series from Mirage Studios previously Image Comics too so it's the perfect jumping on point for new old fans alike. If you're a hardcore turtle fan it's very difficult not to like this comic with its in depth history of feudal japan between Splinter, The Shredder, The Foot Clan. The art is just as amazing from the character designs to the stunning color work, to the jaw dropping panel layout's that compliment this intensely fast paced tale. I'm super happy that IDW has taken much care precision in handling Mirage Studios once star property. IDW's TMNT series it's various mini series' one shots are hands down some of the very best comics out there right now. Buy this book. 0 of 0 people found the following review helpful. Action, Mysticism, and Beautiful Art By Jeff Zielinski Big fan of TMNT since the 90s cartoon. This collection is the best TMNT story since the early issues revealing the past lives of our main characters. Feels like this series is strongest when it plays into the historical and mythological ties to the present day. The art is just gorgeous too.

Demons, ninjas, and hostile takeovers what more can you expect from a TMNT comic? Secret History of the Foot Clan reveals a history never told before about the original founder of the Foot. Join the Turtles as they get schooled with a history lesson they'll never forget!

About the Author Erik Burnham is a Minnesotan writer and artist that first broke into comics with a series of humorous short stories in the Shooting Star Comics Anthology. After working on a horror story for Gene Simmons' House of Horror #3 at IDW Publishing, Erik worked on several other projects for IDW, including his current critically acclaimed run on the ongoing GHOSTBUSTERS comic book. He's also been fortunate to work on many other projects, including varied work for Cryptozoic, Insight Editions, Marvel, and Panini.
